Test Booklet Series

TEST BOOKLET

C

GENERAL STUDIES (P) 2026 – Test – 6333

Time Allowed: Two Hours

Maximum Marks: 200

INSTRUCTIONS

1. IMMEDIATELY AFTER THE COMMENCEMENT OF THE EXAMINATION, YOU SHOULD CHECK THAT THIS BOOKLET DOES **NOT** HAVE ANY UNPRINTED OR TURN OR MISSING PAGES OR ITEMS, ETC. IF SO, GET IT REPLACED BY A COMPLETE TEST BOOKLET.
2. ENCODE CLEARLY THE TEST BOOKLET SERIES **A, B, C** OR **D** AS THE CASE MAY BE IN THE APPROPRIATE PLACE IN THE ANSWER SHEET.
3. You have to enter your Roll Number on the Test Booklet in the Box provided alongside. **Do NOT** write anything else on the Test Booklet.
4. This Test Booklet contains **100** items (Questions). Each item is printed in **English**. Each item comprises four responses (answers). You will select the response which you want to mark on the Answer Sheet. In case you feel that there is more than one correct response with you consider the best. In any case, choose **ONLY ONE** response for each item.
5. You have to mark all your responses **ONLY** on the separate Answer Sheet provided. See direction in the answers sheet.
6. All items carry equal marks. Attempt all items. Your total marks will depend only on the number of **correct responses** marked by you in the answer sheet. For **every incorrect** response **1/3rd of the allotted marks** will be deducted.
7. Before you proceed to mark in the Answer sheet the response to various items in the Test booklet, you have to fill in some particulars in the answer sheets as per instruction sent to you with your Admission Certificate.
8. After you have completed filling in all responses on the answer sheet and the examination has concluded, you should hand over to Invigilator only the answer sheet. You are permitted to take away with you the Test Booklet.
9. Sheet for rough work are appended in the Test Booklet at the end.

DO NOT OPEN THIS BOOKLET UNTIL YOU ARE ASKED TO DO SO

1. Consider the following statements with reference to Public Interest Litigation (PILs):
1. PILs are filed before the Supreme Court under Article 32.
 2. A PIL cannot be filed against a private party.
- Which of the statements given above is/are correct?
- (a) 1 only
 - (b) 2 only
 - (c) Both 1 and 2
 - (d) Neither 1 nor 2
2. Which one of the following statements best describes the Doomsday Clock?
- (a) It is a scientific instrument used to measure the probability of nuclear war based on real-time geopolitical data.
 - (b) It is a symbolic representation that indicates humanity's proximity to global catastrophic risks such as nuclear war and climate change.
 - (c) It is an official mechanism of the United Nations to assess compliance with global disarmament treaties.
 - (d) It is a predictive model developed by the International Atomic Energy Agency to forecast global security threats.
3. Consider the following statements:
- Statement-I: Telecommunication satellites are placed in Geostationary orbit.
- Statement-II: As compared to Polar orbit Geostationary orbit is relatively close to Earth's surface.
- Which one of the following is correct in respect of the above statements?
- (a) Both Statement-I and Statement-II are correct and Statement-II is the correct explanation for Statement-I.
 - (b) Both Statement-I and Statement-II are correct but Statement-II is not the correct explanation for Statement-I.
 - (c) Statement-I is correct but Statement-II is incorrect.
 - (d) Statement-I is incorrect but Statement-II is correct.

4. Through how many of the following modes India exhibit the goal of socialism mentioned in the Preamble to the Constitution?
1. Mixed economy model
 2. Providing socio-welfare schemes
 3. Land reforms
 4. Reservation policies
- Select the correct answer using the code given below.
- (a) Only two
 - (b) Only three
 - (c) All four
 - (d) None
5. With reference to Artificial Intelligence (AI), consider the following statements:
1. Large Language Models (LLMs) are a class of deep learning models trained primarily on large volumes of text data to perform language-related tasks.
 2. Reinforcement learning is a technique in which an agent learns by receiving rewards or penalties based on its actions in an environment.
 3. Computer vision techniques require Large Language Models to interpret and classify images and videos.
 4. Expert systems rely on predefined rules and knowledge bases rather than learning from large datasets.
- Which of the statements given above are correct?
- (a) 1, 2 and 4 only
 - (b) 1 and 3 only
 - (c) 2 and 3 only
 - (d) 1, 2, 3 and 4

6. Which of the following best describes the Ring-Fence Policy adopted by the British in India?

- (a) It was a policy to permanently annex princely states that lacked a male heir.
- (b) It was a policy of defence of their neighbours' frontiers for safeguarding their own territories.
- (c) It was an economic policy aimed at restricting Indian rulers from trading with European powers other than Britain.
- (d) It was a policy to demarcate the territories of princely states to prevent internal rebellions.

7. With reference to the Anti-Defection Law in India consider the following statements:

- 1. Anti-Defection Law was enacted on the recommendation of the Y.B Chavan committee.
- 2. A legislator's speech and conduct inside the legislature cannot be used to disqualify him under the Anti-Defection Law.
- 3. Under this law, the presiding officer of legislature has to decide on a disqualification case brought before him within six months.

Which of the statements given above is/are not correct?

- (a) 1 only
- (b) 1 and 2 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

8. With reference to Sulphur dioxide (SO₂) emissions in India, consider the following statements:

- 1. India is currently the world's largest emitter of anthropogenic sulphur dioxide (SO₂).
- 2. In India, it is mandatory for all coal-fired thermal power plants to install Flue Gas Desulfurization (FGD) systems.

Which of the statements given above is/are correct?

- (a) 1 only
- (b) 2 only
- (c) Both 1 and 2
- (d) Neither 1 nor 2

9. How many of the following are *not* patentable in India?

- 1. A method of agriculture
- 2. The discovery of a non-living thing occurring in nature
- 3. A computer programme or algorithm

Select the correct answer using code given below.

- (a) Only one
- (b) Only two
- (c) All three
- (d) None

10. Which of the following reports are released by the United Nations Environment Programme?

- 1. Global Landscape of Climate Finance 2024
- 2. Emissions Gap Report 2024
- 3. Adaptation Gap Report 2024
- 4. Global Status Report for Buildings and Construction (Buildings-GSR) 2024

Select the correct answer using the code given below.

- (a) 1 and 2 only
- (b) 2, 3 and 4 only
- (c) 1, 2 and 4 only
- (d) 1, 2, 3 and 4

11. With reference to early European settlements in India, consider the following statements:
1. The French established first factory in Pondicherry with the permission of local rulers of the Vijayanagara successor states.
 2. Bombay was transferred from Portugal to the British Crown after the Battle of Swally (British victory over the Portuguese in India).
- Which of the statements given above is/are correct?
- (a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2
12. With reference to "Pusa DST Rice 1", consider the following statements:
1. Indian Council of Agricultural Research (ICAR) has developed genome-edited rice variety Pusa DST Rice 1.
 2. This new variety developed using genome-editing technology based on CRISPR-Cas9.
 3. This gene edited plant contains exogenous foreign DNA.
- Which of the statements given above are correct?
- (a) 1 and 2 only
(b) 2 and 3 only
(c) 1 and 3 only
(d) 1, 2 and 3
13. This region experiences warm, moist summers and cool, dry winters. Rainfall is well distributed throughout the year but shows a summer maximum due to monsoon-like circulation. Agriculture is diverse, with rice, tea, silk, and mulberry cultivation. Natural vegetation includes mixed forests of deciduous and evergreen species. Which climatic region does the above description refer to?
- (a) British type climate
(b) China type climate
(c) Mediterranean climate
(d) Steppe climate

14. Which of the following are epigraphical sources of the Harsha kingdom?
1. Madhuban copper plate inscription
 2. Sonpat inscription on the copper seal
 3. Banskhera copper plate inscription
- Select the correct answer using the code given below.
- (a) 1, 2 and 3
(b) 2 and 3 only
(c) 1 and 2 only
(d) 1 and 3 only
15. Regarding election petitions filed for parliamentary constituencies in India, consider the following statements:
1. An election petition challenging a Lok Sabha election result must be filed within 45 days of the declaration of results.
 2. Only candidates who contested the election have the right to file an election petition.
 3. High Courts have original jurisdiction on deciding on election petitions.
- How many of the statements given above are correct?
- (a) Only one
(b) Only two
(c) All three
(d) None
16. Which Act of British India laid down the important principle that the Indians should not be debarred from holding any place, office and employment under the Company on the basis of religion, place of birth, descent and colour?
- (a) Indian Councils Act of 1861
(b) Indian Council Act of 1909
(c) Charter Act of 1853
(d) Charter Act of 1833

17. Consider the following statements in the context of the reign of Imperial Cholas:

1. Rajaraja I founded the city of Gangaikondacholapuram.
2. Rajendra I completed the construction of the famous Rajarajeswara temple or Brihadeeswara temple at Tanjore.
3. Uttiramerur inscriptions give a detailed account of the village administration under the Cholas.

Which of the statements given above is/are correct?

- (a) 1 only
- (b) 3 only
- (c) 1 and 2 only
- (d) 1, 2 and 3

18. Consider the following ocean currents:

1. Gulf Stream
2. Benguela Current
3. North Atlantic Drift
4. Labrador Current

How many of the above are cold ocean currents?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

19. With reference to Indian Geography, the term Kayals refers to:

- (a) Glacial lakes in the Higher Himalayas
- (b) Terai region grasslands in the foothills of the Shivaliks
- (c) Shallow lagoons or backwaters found along the Malabar Coast
- (d) Alluvial fans formed by the Himalayan rivers in North India.

20. With reference to fly ash and black carbon, consider the following statements:

1. Fly ash and black carbon are both produced as a result of incomplete combustion of fossil fuels and therefore have similar impacts on climate forcing.
2. Black carbon differs from fly ash in that it is a short-lived climate pollutant that strongly absorbs solar radiation.

Which of the statements given above is/are correct?

- (a) 1 only
- (b) 2 only
- (c) Both 1 and 2
- (d) Neither 1 nor 2

21. Consider the following revolutionaries:

1. Sachindra Nath Sanyal
2. Ram Prasad Bismil
3. Khudiram Bose

Who among the above were associated with the Hindustan Republican Association (HRA)?

- (a) 1 and 2 only
- (b) 2 and 3 only
- (c) 1 and 3 only
- (d) 1, 2 and 3

22. The term "Khorasan", often seen in news, roughly corresponds to which of the following regions?

- (a) A region encompassing northeastern Iran, parts of Afghanistan, and Central Asia
- (b) A coastal stretch along the Red Sea from Sudan to Yemen
- (c) The mountainous region covering the Hindu Kush and Karakoram ranges
- (d) A desert belt running through the Arabian Peninsula into western India

23. Which of the following countries have a President who is directly elected by the people through popular vote?

1. Indonesia
2. Mexico
3. South Africa

Select the correct answer using the code below.

- (a) 1 and 2 only
- (b) 2 and 3 only
- (c) 1 and 3 only
- (d) 1, 2 and 3

24. With reference to the Mathura School of Art, consider the following statements:

1. The Mathura School of Art flourished mainly during the Kushana period.
2. The school encompasses Buddhism, Jainism, and Brahmanical traditions.
3. It used Blue-gray schist as a preferred medium for sculptural works.

How many of the statements given above are correct?

- (a) Only one
- (b) Only two
- (c) All three
- (d) None

25. Consider the following:

1. National Automated Clearing House
2. National Finance Switch
3. National Electronic Toll Collection
4. Aadhar enabled Payment System (AEPS)

How many of the above are operated by National Payments Corporation of India (NPCI)?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

26. In which one of the following groups are all three countries members of the Weimar Triangle included?

- (a) AUKUS
- (b) G7
- (c) NATO
- (d) ASEAN

27. Which of the following lending facilities are provided by World Bank?

1. Program for Results (PforR)
2. Development Policy Financing (DPF)
3. Poverty Reduction and Growth Trust (PRGT)

Select the correct answer using code given below.

- (a) 1 and 2 only
- (b) 2 and 3 only
- (c) 1 and 3 only
- (d) 1, 2 and 3

28. The famous rock-cut caves of Kanheri are located in:

- (a) Madhya Pradesh
- (b) Maharashtra
- (c) Rajasthan
- (d) Andhra Pradesh

29. Consider the following statements with respect to plantation sector in India:

1. India is the largest producer and consumer of spices in the world.
2. The headquarters of Tobacco board is located in Chennai.
3. More than 90% of coffee in India is produced from the southern states.

Which of the statements given above are correct?

- (a) 1 and 2 only
- (b) 2 and 3 only
- (c) 1 and 3 only
- (d) 1, 2 and 3

30. The rule of equality before law is not absolute. Which of the following provisions are the exception to it?

1. The foreign sovereigns, ambassadors and diplomats enjoys immunity from both criminal and civil proceedings.
2. No criminal proceedings shall be instituted or continued against the President or the Governor in any court during his term of office.
3. No person shall be liable to any civil or criminal proceedings in any court in respect of the publication in a newspaper of a substantially true report of any proceedings of Parliament.

Select the correct answer using the code given below.

- (a) 1 and 2 only
- (b) 2 and 3 only
- (c) 1 and 3 only
- (d) 1, 2 and 3

31. With reference to the administrative system of the Delhi Sultanate, Ariz-i-Mamalik was associated with

- (a) Revenue assessment
- (b) Military administration
- (c) Judicial administration
- (d) Religious endowments

32. Consider the following pairs:

United Nations Organs Headquarters

1. UN General Assembly : New York
2. International Court of Justice : Geneva
3. UN Security Council : New York

How many of the above pairs are correctly matched?

- (a) Only one
- (b) Only two
- (c) All three
- (d) None

33. What does the term "Group of Friends," sometimes seen in the news, imply?

- (a) A civil society network working under UNESCO to preserve world heritage sites from climate threats.
- (b) An informal coalition of United Nations member states formed to seek to facilitate the promotion of accountability for all acts of violence against UN peacekeepers.
- (c) A regional alliance of South Asian countries created to strengthen cultural and educational exchanges.
- (d) A formal trade bloc established by the BRICS nations to expand South-South cooperation.

34. With reference to the Pradhan Mantri Anusuchit Jaati Abhyuday Yojana (PM-AJAY), consider the following statements:

1. The scheme is launched by the Ministry of Social Justice and Empowerment for the socio-economic development of Scheduled Caste (SC) communities.
2. The scheme mandates that at least 50% of the beneficiaries should be SC women.
3. There is a provision for social audit under the scheme.

Which of the statements given above is/are correct?

- (a) 3 only
- (b) 1 and 2 only
- (c) 1 and 3 only
- (d) 1, 2 and 3

35. With reference to the Cripps mission, consider the following statements:
1. It promised complete independence to India after the end of the Second World War.
 2. It gave provinces the right to secede from the Indian Union after independence.
- Which of the statements given above is/are correct?
- (a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2
36. Consider the following public financial institutions:
1. EXIM Bank
 2. India Infrastructure Finance Company Limited
 3. National Bank for Financing Infrastructure and Development (NaBFID)
- How many of the above are wholly owned by Government of India?
- (a) Only one
(b) Only two
(c) All three
(d) None
37. Consider the following statements regarding *Vajrasana* sculpture of the Mauryan times:
1. It is a large slab made of Chunar sandstone.
 2. The designs on it differ entirely from other Ashokan capitals.
- Which of the statements given above is/are correct?
- (a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

38. Lucknow was recently included in the UNESCO Creative Cities Network (UCCN) in the creative field of Gastronomy. In this context, consider the following statements about Lucknow:
1. In ancient times, the Lucknow region formed part of the Koshala Mahajanapada.
 2. Awadhi dum biryani and Lucknow chikankari embroidery have been granted Geographical Indication (GI) tags.
 3. The famous Rumi Darwaza in Lucknow was built during the reign of Mughal emperor Shah Jahan.
- Which of the statements given above is/are correct?
- (a) 1 only
(b) 2 and 3 only
(c) 1 and 3 only
(d) 1, 2 and 3
39. Consider the following statements with respect to NPS (National Pension System) and EPF (Employment Provident Fund):
1. Interest rate under EPF is determined by Government of India whereas returns on NPS are linked to market.
 2. NPS is open to all Indian citizens aged between 18 and 70 years of whereas EPF is applicable employees in organisations with more than 20 employees.
 3. NPS requires a minimum annual contribution of Rs. 6000 from employees, while EPF mandates a 6% salary deduction.
- Which of the statements given above are correct?
- (a) 1 and 2 only
(b) 2 and 3 only
(c) 1 and 3 only
(d) 1, 2 and 3

40. Which one of the following best describes the term “greenwashing”?
- (a) The practice of using environmentally friendly technologies to reduce the ecological footprint of industrial activities
 - (b) The process of independently verifying and certifying environmental claims made by companies
 - (c) The practice of making misleading or exaggerated claims about the environmental benefits of a product, service, or organisation
 - (d) The strategy of imposing environmental taxes to discourage pollution-intensive activities
41. Consider the following statements regarding ancient architecture:
1. Burnt bricks were widely used for construction purposes during the Indus civilization.
 2. The fortified cities of Sisupalgarh and Rajgriha show remarkable similarities in their construction.
 3. Lomas Rishi caves depict a combination of both stone and wood architecture.
- How many of the statements given above are correct?
- (a) Only one
 - (b) Only two
 - (c) All three
 - (d) None
42. Which one of the following best describes the term “Eutrophication”?
- (a) The natural weathering of rocks that releases essential minerals into river systems.
 - (b) The process by which aquatic plants increase carbon sequestration in freshwater ecosystems.
 - (c) The excessive enrichment of a water body with nutrients leads to dense algal blooms.
 - (d) The intentional addition of microorganisms into lakes to enhance water purification.

43. Which of the following are the features of the Later Vedic Period society?
1. Society exhibited social stratification based on occupation and abilities
 2. Economy was primarily pastoral, with cattle rearing
 3. Religious practices like centrality of sacrifices
- Which of the statements given above is/are correct?
- (a) 3 only
 - (b) 2 and 3 only
 - (c) 1 and 2 only
 - (d) None
44. Consider the following statements about the emergency powers of the President of India:
1. During a National Emergency, the President can suspend even the right to life and personal liberty under Article 21.
 2. During President’s Rule, the President can authorize expenditure from the Consolidated Fund of a State when the Lok Sabha is not in session, pending Parliament’s approval.
 3. During a Financial Emergency, the President can order reduction of salaries and allowances of any class of Union employees, except judges of the Supreme Court and High Courts.
- How many of the statements given above are correct?
- (a) Only one
 - (b) Only two
 - (c) All three
 - (d) None

45. With regard to Sound Waves, which one of the following statements is correct?
- Sound waves consist of electromagnetic radiation.
 - Sound waves are transverse waves.
 - Sound waves require a material medium for propagation.
 - Sound waves travel faster in air than in solids.
46. With reference to National Income Accounting, consider the following:
- Money spent by Indian tourists in Europe
 - Spending by foreigners in India
 - Imputed rent of owner-occupied dwellings
- How many of the above are added in the Private Final Consumption Expenditure?
- Only one
 - Only two
 - All three
 - None
47. Derivatives:
- allow trading the risk without involving the trading of the instrument in the market.
 - facilitate price discovery
 - limit speculation in the financial market
- Which of the above statements are correct?
- 1 and 2 only
 - 2 and 3 only
 - 1 and 3 only
 - 1, 2 and 3

48. Consider the following pairs:
- | <i>Convention</i> | <i>Aim</i> |
|-------------------------|---|
| 1. Stockholm Convention | : Action on Persistent Organic Pollutants |
| 2. Rotterdam Convention | : Transboundary movement of hazardous waste |
| 3. Basel Convention | : Prior Informed Consent in the trade of hazardous substances |
- Which of the pairs given above are correctly matched?
- Only one pair
 - Only two pairs
 - All three pairs
 - None of the pairs
49. With reference to gene editing technologies such as CRISPR-Cas systems, consider the following statements:
- Gene editing can be used to precisely modify specific DNA sequences within living cells.
 - Gene editing can be used to introduce entirely new organs in a fully developed multicellular organism by altering its genome.
 - Gene editing can be used to modify microorganisms for the production of pharmaceuticals and industrial enzymes.
 - Gene editing can be used to instantly alter all cells of an adult human body through a single genetic intervention.
- Which of the statements given above are scientifically achievable using current gene editing technologies?
- 1 and 3 only
 - 1, 2 and 3 only
 - 2 and 4 only
 - 1, 2, 3 and 4

50. Which of the following crops are grown in Plantation Agricultural system?

1. Cotton
2. Copra
3. Hemp
4. Cocoa
5. Pineapple
6. Oil Palm
7. Tea

Select the correct answer using code given below.

- (a) 1, 2, 3 and 6 only
- (b) 2, 4, 5 and 7 only
- (c) 1, 3, 4, 6 and 7 only
- (d) 1, 2, 3, 4, 5, 6 and 7

51. Consider the following statements about "Bridge Recombinase Mechanism (BRM)":

1. BRM is an artificial DNA editing tool that can edit genomes beyond the capabilities and scope of CRISPR technology.
2. Bridge Recombinase Mechanism can edit very long DNA sequences.

Which of the statements given above is/are correct?

- (a) 1 only
- (b) 2 only
- (c) Both 1 and 2
- (d) Neither 1 nor 2

52. Consider the following with respect to Consumer Disputes Redressal Commissions under the Consumer Protection Act, 2019:

1. Appeals against District Commission orders can be made in High Court.
2. National Commission's orders can be challenged in the Supreme Court.
3. The District Commission could hear claims not more than 10 crores.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 2 only
- (c) 1 and 3 only
- (d) 1, 2 and 3

53. Consider the following statements regarding the outcome of Gandhi-Irwin Pact (1931):

1. The Indian National Congress agreed to suspend the Civil Disobedience Movement.
2. The British government fully abolished the salt tax.

Which of the statements given above is/are correct?

- (a) 1 only
- (b) 2 only
- (c) Both 1 and 2
- (d) Neither 1 nor 2

54. In the context of Agro-Ecological zonation of the world, the terms 'Penman-Monteith (PET)' and 'Modified Fournier Index' are used to estimate which of the following?

- (a) Moisture regime
- (b) Annual precipitation
- (c) Thermal regime
- (d) Biomass

55. With reference to the capital market, consider the following statements:

1. Reserve capital refers to the portion of a company's capital that is not called for payment until the company is being wound up.
2. Authorised capital refers to the maximum amount of the capital for which shares can be issued by the company to shareholders.
3. The subscribed capital of a company can never exceed its paid up capital.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) All three
- (d) None

56. Which of the following personalities is behind the design of the national flag of India?
- Bankimchandra Chattopadhyay
 - Rabindranath Tagore
 - Pingali Venkayya
 - Madam Bhikaji Cama
57. Which of the following operations was launched by the Government of India in June 2025 to evacuate Indian nationals from conflict-affected areas in West Asia, including Iran and Israel?
- Operation Brahma
 - Operation Sindhu
 - Operation Kaveri
 - Operation Ganga
58. How many of the following are examples of Chola temple architecture?
- Brihadeeswarar Temple at Thanjavur
 - Meenakshi Temple at Madurai
 - Chennakesava Temple at Belur
 - Virupaksha Temple at Pattadakal
- Select the correct answer using the code given below.
- Only one
 - Only two
 - Only three
 - All four
59. Recently, the Minamata Convention agreed to end the use of dental amalgam by 2034. In this context, consider the following:
- Thermometers
 - Barometers
 - Fluorescent lighting
 - Dental amalgams
- How many of the above contain Mercury?
- Only one
 - Only two
 - Only three
 - All four

60. Consider the following events:
- Launch of the Home Rule League by Annie Besant
 - Establishment of the Aligarh Scientific Society
 - Formation of the Indian National Congress
 - Publication of Hind Swaraj by Mahatma Gandhi
- What is the correct chronological order of the above events, starting from the earliest time?
- 3-4-2-1
 - 2-3-1-4
 - 3-2-4-1
 - 2-3-4-1
61. Consider the following pairs:
- | <i>Unmanned Aerial Vehicle / System</i> | <i>Description</i> |
|---|---|
| 1. Heron | : Developed by Israel for strategic intelligence and reconnaissance |
| 2. Rustom II | : Designed by DRDO for round-the-clock surveillance |
| 3. Indrajaal | : AI-based counter-drone defence system |
- How many of the above pairs are correctly matched?
- Only one
 - Only two
 - All three
 - None
62. Recently, the term 'Herfindahl-Hirschman Index (HHI)' is often seen in the news. It is related to the
- Degree of market concentration.
 - Volatility in stock market.
 - Potential growth of a sector.
 - Extent of hedging.

63. If the longitude of Chennai is approximately 80°E and that of Ahmedabad is approximately 72°E, what is the approximate time difference in sunrise between them, assuming ideal conditions?

- (a) 22 minutes
- (b) 32 minutes
- (c) 40 minutes
- (d) 36 minutes

64. With reference to the Nayaka system of Vijayanagara, consider the following statements:

- 1. Nayakas exercised sovereign authority over the lands that they were allotted by Raya.
- 2. The Amara-nayaka system was a major political innovation of the Vijayanagara Empire.
- 3. Nayakas helped Vijayanagara kings to bring the southern peninsula under their control.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

65. Consider the following states of India:

- 1. Tripura
- 2. Arunachal Pradesh
- 3. Nagaland
- 4. Manipur

How many of the above states share a land boundary with Myanmar?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

66. Which of the following technologies developed through space research have direct applications in improving healthcare delivery on Earth?

- 1. Satellite-based communication systems
- 2. Earth observation and remote sensing technologies
- 3. Miniaturised sensors and imaging technologies
- 4. Cryogenic rocket engine technology

Select the correct answer using the code given below.

- (a) 1, 2 and 3 only
- (b) 1 and 4 only
- (c) 2 and 4 only
- (d) 1, 2, 3 and 4

67. What is "Abraham Accords", which is recently seen in the news?

- (a) A peace treaty signed between Israel and Palestine under the mediation of the United Nations.
- (b) A regional economic integration pact among West Asian countries to promote free trade.
- (c) A defence alliance formed to ensure maritime security in the Red Sea region.

68. With reference to the Pacific 'Ring of Fire', consider the following statements:

- 1. It is the zone with the highest concentration of volcanic and earthquake activity in the world.
- 2. The Mid-Atlantic Ridge forms a part of the Pacific Ring of Fire.

Which of the statements given above is/are correct?

- (a) 1 only
- (b) 2 only
- (c) Both 1 and 2
- (d) Neither 1 nor 2

69. With reference to camel species found in India, consider the following statements:
1. The dromedary camel found in India is a single-humped camel species adapted to hot arid conditions of the Thar Desert.
 2. The Bactrian camel found in India is a two-humped camel species adapted to cold desert conditions and is naturally found in the Ladakh region.
 3. Khurai camel is a distinct camel species endemic to India that is well adapted to marshy and coastal environments.
- Which of the statements given above are correct?
- (a) 1 and 2 only
(b) 2 and 3 only
(c) 1 and 3 only
(d) 1, 2 and 3
70. With reference to ancient Indian history, Tamralipti, Bharukachchha, and Sopara were well known as:
- (a) Capital cities
(b) Important ports
(c) Gupta coin-minting centres
(d) Capitals of provincial governors
71. Consider the following statements about Swami Vivekananda:
1. Swami Vivekananda founded the Ramakrishna Mission.
 2. He regarded Indian spiritual traditions as compatible with the modern scientific temper.
 3. He rejected social reform as unnecessary for national regeneration.
- How many of the statements given above are correct?
- (a) Only one
(b) Only two
(c) All three
(d) None

72. The Group of Seven (G7) is:
- (a) a formal bloc of developed western countries working for global monetary stability
(b) a military group working as the collective security arm of the UN
(c) a group of countries with mandatory emission targets under the UNFCCC
(d) an informal bloc formed in response to economic and financial cooperation due to energy crisis
73. Consider the following statements:
- Statement I: Motion 007 has been adopted by The United Nations Convention to Combat Desertification and Food and Agriculture Organization.
- Statement II: Motion 007 aims to advocate for the creation of an international legal framework to ensure the protection and sustainable management of soils.
- Which one of the following is correct in reference to the above statements?
- (a) Both Statement-I and Statement-II are correct, and Statement-II is the correct explanation for Statement-I
(b) Both Statement-I and Statement-II are correct, but Statement-II is not the correct explanation for Statement-I
(c) Statement-I is correct, but Statement-II is incorrect
(d) Statement-I is incorrect, but Statement-II is correct

74. Consider the following pairs:
- | Five Year Plan | Event |
|--------------------------|--|
| 1. Eighth Five-Year Plan | : India became a member of WTO |
| 2. Tenth Five Year Plan | : Setting of monitorable targets |
| 3. Fourth Five Year Plan | : Tribal Area Development Programme (TADP) was started |
- How many of the above pairs are correctly matched?
- (a) Only one
(b) Only two
(c) All three
(d) None
75. Which one of the following statements is correct?
- (a) Bacteria contain cytoplasm, viruses do not.
(b) Bacteria require host cells for replication but viruses do not.
(c) Viruses contain ribosomes but bacteria do not.
(d) Viruses possess a true nucleus but bacteria do not.
76. Consider the following statements with respect to co-lending mechanism:
1. Co-lending involves a collaborative arrangement where two or more entities partner to extend loans to a borrower.
 2. In India, Reserve Bank of India permits co-lending by banks and NBFCs to priority Sector.
 3. Interest rates in co-lending are always higher than the traditional loans extended by NBFCs.
- How many of the above statements are correct
- (a) Only one
(b) Only two
(c) All three
(d) None

77. With reference to the Coriolis force, consider the following statements:
1. The Coriolis force is zero at the Equator and maximum at the Poles.
 2. The Coriolis force arises due to the revolution of the Earth around the Sun.
 3. The magnitude of the Coriolis force depends upon the speed of the moving object.
- How many of the statements given above are correct?
- (a) Only one
(b) Only two
(c) All three
(d) None
78. Consider the following pairs:
- | Harappan Site | Location |
|----------------------|-----------------|
| 1. Farmana | : Sindh |
| 2. Kot Diji | : Haryana |
| 3. Nageshwar | : Gujarat |
| 4. Balakot | : Punjab |
- How many of the above pairs are correctly matched?
- (a) Only one
(b) Only two
(c) Only three
(d) All four
79. Consider the following statements regarding the Indian Himalayan Region (IHR):
1. The Indian Himalayan Region is spread across eight States only.
 2. The Valley of Flowers is situated in the Kashmir Himalayan Region.
 3. Shola forests are characteristic high-altitude grasslands in the eastern Himalayas.
- Which of the statements given above are **not** correct?
- (a) 1 and 2 only
(b) 2 and 3 only
(c) 1 and 3 only
(d) 1, 2 and 3

80. Consider the following information:

<i>Cloud Type</i>	<i>Altitude Category</i>	<i>Unique Feature</i>
1. Cirrus	High clouds (8-12 km)	Always white in colour
2. Cumulus	Middle clouds (4-7 km)	Cotton-wool appearance with flat base
3. Nimbus	Middle or Low level	Extremely dense and opaque to the rays of the sun

In how many of the above rows is the given information correctly matched?

- (a) Only one
- (b) Only two
- (c) All three
- (d) None

81. Consider the following statements:

Statement-I: Silver firs trees can not grow in the Nilgiri mountains.

Statement-II: Silver firs species grows at high altitudes between 3,000-4000 meters above sea level.

Which one of the following is correct in respect of the above statements?

- (a) Both Statement I and Statement II are correct, and Statement II is the correct explanation for Statement I.
- (b) Both Statement I and Statement II are correct, but Statement II is not the correct explanation for Statement I.
- (c) Statement I is correct, but Statement II is incorrect.
- (d) Statement I is incorrect, but Statement II is correct.

82. Consider the following pairs:

Coastal Regulation Zone *Area*

- 1. CRZ I : Inter-tidal areas
- 2. CRZ II : Eco-sensitive areas
- 3. CRZ III : Tidal-influenced waterbodies

How many of the pairs given above are correctly matched?

- (a) Only one pair
- (b) Only two pair
- (c) Only three pair
- (d) None

83. The NAVYA initiative, recently launched, aims to:

- (a) Provide nutritional support to adolescent girls in aspirational districts
- (b) Offer vocational training to young girls through PM Kaushal Vikas Yojana (PMKVY) 4.0
- (c) Promote menstrual hygiene among rural schoolgirls
- (d) Provide financial literacy training to women SHG members

84. Consider the following statements:

- 1. The privy purse was abolished through the 26th Constitutional Amendment Act (1971) by citing an official reasoning of reduction in revenue deficit of the government.
- 2. The privy purse was the annual tax-free payment paid to rulers of princely state and their successors from the Consolidated Fund of India.

Which of the statements given above is/are correct?

- (a) 1 only
- (b) 2 only
- (c) Both 1 and 2
- (d) Neither 1 nor 2

85. "It is special permission given by the Supreme Court to an aggrieved party to appeal against an order passed in any of the lower courts or tribunals in India". Which of the following is described above?
- (a) Curative Petition
 - (b) Special Leave Petition
 - (c) Review Petition
 - (d) Public Interest Litigation
86. With reference to the 2025 FIDE World Cup, consider the following statements:
1. The tournament was hosted in Goa, India.
 2. The FIDE World Cup is held once every two years.
 3. Javokhir Sindarov won the tournament, making him the youngest winner to date.
- Which of the statements given above are correct?
- (a) 1 and 2 only
 - (b) 2 and 3 only
 - (c) 1 and 3 only
 - (d) 1, 2 and 3
87. Which Indian city was recently inducted into the World Health Organization's Global Network of Age-Friendly Cities and Communities (GNAFCC) ?
- (a) Bengaluru
 - (b) Kozhikode
 - (c) Delhi
 - (d) Kolkata
88. Consider the following statements:
1. Tax avoidance involves legally using loopholes or provisions in the tax laws to reduce one's tax liabilities
 2. Tax avoidance in any form is illegal in India unlike tax evasion which is legal.
- Which of the statements given above is/are correct?
- (a) 1 only
 - (b) 2 only
 - (c) Both 1 and 2
 - (d) Neither 1 nor 2

89. Consider the following statements regarding Pradhan Mantri Fasal Bima Yojana (PMFBY):
1. It is a crop insurance scheme launched to insure farmers against all non-preventable natural risks.
 2. Only food crops are covered under the scheme.
 3. Participation under the scheme is mandatory for all loanee farmers.
- Which of the statements given above is/are correct?
- (a) 1 only
 - (b) 2 and 3 only
 - (c) 1 and 3 only
 - (d) 1, 2 and 3
90. Which one of the following crops came under human cultivation most recently in history?
- (a) Cotton
 - (b) Rubber
 - (c) Coffee
 - (d) Potato
91. With reference to the SHANTI Act, 2025, consider the following statements:
1. It replaces both the Atomic Energy Act, 1962, and the Civil Liability for Nuclear Damage (CLND) Act, 2010.
 2. It supports India's objective of achieving 100 GW of nuclear energy capacity by 2030.
 3. The Act permits 100% Foreign Direct Investment (FDI) in the operation of nuclear power plants under the automatic route.
- Which of the statements given above is/are correct?
- (a) 1 only
 - (b) 2 only
 - (c) 1 and 3 only
 - (d) 1, 2 and 3

92. Consider the following statements about non-permanent members of the UN Security Council:

1. They are elected by the General Assembly with a two-thirds majority of members present and voting.
2. India has been elected to the Security Council more times than any other UN member state.
3. A retiring non-permanent member is eligible for immediate re-election without any gap.

How many of the statements given above are correct?

- (a) Only one
- (b) Only two
- (c) All three
- (d) None

93. Consider the following statements with respect to energy sector in India:

1. In India, a household cannot have more than one LPG connection issued by any of the Public Sector Oil Marketing Companies.
2. The prices of petrol and diesel are market determined.
3. India is a net exporter of petroleum products.
4. The number of public sector oil refineries is higher than that of the private sector.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

94. Which of the following effects are commonly associated with an El Niño event?

1. Decreased incidence of droughts and forest fires in Australia.
2. Increased probability of tropical cyclones in the eastern Pacific Ocean.
3. Strengthening of the Indian summer monsoon rainfall.

Select the correct answer using the code given below.

- (a) 1 only
- (b) 2 only
- (c) 1 and 2 only
- (d) 1, 2 and 3

95. Consider the following statements regarding Jet Streams:

1. Jet streams are fast-flowing air currents found only in the troposphere region of the atmosphere.
2. The easterly jet stream during summer supports the development of the monsoon trough over the Indian region.
3. Jet streams in the Northern Hemisphere generally flow from east to west due to prevailing wind circulation.

Which of the statements given above is/are correct?

- (a) 2 only
- (b) 3 only
- (c) 1 and 3 only
- (d) 1 and 2 only

96. Most of the world's hot deserts are located on the western margins of continents in the subtropics. Which of the following factors contributes to this phenomenon?

1. Presence of subtropical high-pressure belts (descending air).
2. The influence of "off-shore" trade winds.
3. The presence of warm ocean currents on the western coasts.

Select the correct answer using the code given below:

- (a) 1 and 2 only
- (b) 2 and 3 only
- (c) 1 and 3 only
- (d) 1, 2 and 3

97. With reference to Article 143 of the Constitution, consider the following statements:

1. It deals with the advisory jurisdiction of the Supreme Court.
2. The President may seek the Court's opinion on legal questions.
3. The opinion given by the Supreme Court is not binding.

Which of the statements given above are correct?

- (a) 1 and 2 only
- (b) 2 and 3 only
- (c) 1 and 3 only
- (d) 1, 2 and 3

98. Consider the following pairs:

International Border Line	Countries
---------------------------	-----------

- | | |
|-----------------------|------------------------|
| 1. Durand Line | : Pakistan–Afghanistan |
| 2. 38th Parallel Line | : Indonesia–Malaysia |
| 3. Blue Line | : Israel–Lebanon |

How many pairs given above are correctly matched?

- (a) Only one pair
- (b) Only two pairs
- (c) All three pairs
- (d) None of the pairs

99. Consider the following statements:

Statement-I: The Budapest Convention on Cybercrime was the first international treaty aimed at combating cybercrime.

Statement-II: The Budapest Convention was drafted under the auspices of the United Nations.

Which one of the following is correct in respect of the above statements?

- (a) Both Statement-I and Statement-II are correct and Statement-II is the correct explanation for Statement-I
- (b) Both Statement-I and Statement-II are correct and Statement-II is not the correct explanation for Statement-I
- (c) Statement-I is correct but Statement-II is incorrect
- (d) Statement-I is incorrect but Statement-II is correct

100. Consider the following pairs:

Wetland/Lake	Location
--------------	----------

- | | |
|-------------------|----------------|
| 1. Siliserh Lake | : Haryana |
| 2. Kopra Jalashay | : Chhattisgarh |
| 3. Gogabeel Lake | : Assam |
| 4. Gokul Jalashay | : Bihar |

How many of the pairs given above are correctly matched?

- (a) Only one pair
- (b) Only two pairs
- (c) Only three pairs
- (d) All four pairs
