Test Booklet Series

TEST BOOKLET

C

GENERAL STUDIES (P) 2026 – Test – 6337

Time Allowed: Two Hours

Maximum Marks: 200

INSTRUCTIONS

1. IMMEDIATELY AFTER THE COMMENCEMENT OF THE EXAMINATION, YOU SHOULD CHECK THAT THIS BOOKLET DOES **NOT** HAVE ANY UNPRINTED OR TURN OR MISSING PAGES OR ITEMS, ETC. IF SO, GET IT REPLACED BY A COMPLETE TEST BOOKLET.
2. ENCODE CLEARLY THE TEST BOOKLET SERIES **A, B, C** OR **D** AS THE CASE MAY BE IN THE APPROPRIATE PLACE IN THE ANSWER SHEET.
3. You have to enter your Roll Number on the Test Booklet in the Box provided alongside. **Do NOT** write anything else on the Test Booklet.
4. This Test Booklet contains **100** items (Questions). Each item is printed in **English**. Each item comprises four responses (answers). You will select the response which you want to mark on the Answer Sheet. In case you feel that there is more than one correct response with you consider the best. In any case, choose **ONLY ONE** response for each item.
5. You have to mark all your responses **ONLY** on the separate Answer Sheet provided. See direction in the answers sheet.
6. All items carry equal marks. Attempt all items. Your total marks will depend only on the number of **correct responses** marked by you in the answer sheet. For **every incorrect** response **1/3rd of the allotted marks** will be deducted.
7. Before you proceed to mark in the Answer sheet the response to various items in the Test booklet, you have to fill in some particulars in the answer sheets as per instruction sent to you with your Admission Certificate.
8. After you have completed filling in all responses on the answer sheet and the examination has concluded, you should hand over to Invigilator only the answer sheet. You are permitted to take away with you the Test Booklet.
9. Sheet for rough work are appended in the Test Booklet at the end.

DO NOT OPEN THIS BOOKLET UNTIL YOU ARE ASKED TO DO SO

1. Consider the following statements:
- Statement-I: Coral reefs are often called the 'rainforests of the ocean'.
- Statement-II: Coral reefs exist in nutrient-poor (oligotrophic) waters but maintain high productivity through efficient internal recycling.
- Which one of the following is correct in respect of the above statements?
- (a) Both Statement-I and Statement-II are correct, and Statement-II is the correct explanation for Statement-I.
- (b) Both Statement-I and Statement-II are correct, but Statement-II is not the correct explanation for Statement-I.
- (c) Statement-I is correct, but Statement-II is incorrect.
- (d) Statement-I is incorrect, but Statement-II is correct
2. With reference to black carbon, consider the following sources:
1. Incomplete combustion of fossil fuels in diesel engines
 2. Open burning of agricultural residue and forest fires
 3. Emissions from coal-based thermal power plants equipped with electrostatic precipitators
 4. Traditional biomass burning for cooking and heating
- Which of the sources given above are major contributors to black carbon emissions?
- (a) 1 and 2 only
- (b) 1, 2 and 4 only
- (c) 2 and 3 only
- (d) 1, 2, 3 and 4

3. Consider the following statements regarding Gross National Product (GNP):
1. It measures the total monetary value of output produced by a country's residents and foreigners in the domestic territory of the country.
 2. It does not include intermediate goods and services.
- Which of the statements given above is/are **not** correct?
- (a) 1 only
- (b) 2 only
- (c) Both 1 and 2
- (d) Neither 1 nor 2
4. Recently, India upgraded its relationship to 'Special Global Strategic Partnership' with which of the following countries?
- (a) France
- (b) Germany
- (c) Brazil
- (d) Japan
5. Consider the following pairs with reference to Consumer Price Indices (CPI) in India:
- | Type of CPI | Released by |
|---------------------------------|-------------------------------------|
| 1. CPI (Combined) | : National Statistical Office (NSO) |
| 2. CPI (Industrial Workers) | : Labour Bureau, Ministry of Labour |
| 3. CPI (Agricultural Labourers) | : Department of Agriculture |
- Which of the pairs given above is/are correctly matched?
- (a) 1, 2 and 3
- (b) 1 and 3 only
- (c) 1 and 2 only
- (d) 2 only

6. Consider the following statements with reference to the Competition Act, 2002:
1. It replaced the Monopolies and Restrictive Trade Practices Act, 1969 (MRTP Act).
 2. It provides for the establishment of National Company Law Appellate Tribunal.
 3. It empowers the Competition Commission of India to penalise companies involved in anti-competitive agreements.
- Which of the statements given above is/are correct?
- (a) 3 only
 - (b) 1, 2 and 3
 - (c) 1 and 3 only
 - (d) 1 only
7. The Food Safety and Standards Authority of India (FSSAI) mandated the display of chicory content on the front of coffee packs. Chicory is a/an:
- (a) Synthetic flavouring agent added to enhance aroma
 - (b) Roasted and powdered root used as a coffee substitute or blend
 - (c) Artificial sweetener derived from maize starch
 - (d) Preservative added to increase shelf life of beverages
8. Which of the following statements is/are **not** correct about Non-Banking Financial Company (NBFC)?
1. All NBFCs are registered under RBI, Act 1934.
 2. They are not part of the payment and settlement system.
 3. All NBFCs are regulated by SEBI.
- Select the correct answer using the code given below.
- (a) 1 and 3 only
 - (b) 2 only
 - (c) 1, 2 and 3
 - (d) 2 and 3 only
9. Which of the following statements about vaccines is most appropriate?
- (a) They neutralize toxins only after disease occurs.
 - (b) They stimulate the body's immune system to develop protection.
 - (c) They directly kill pathogens present in the body.
 - (d) They are effective only against bacterial infections.
10. Which of the following statements with reference to the composition and structure of the atmosphere is/are correct?
1. The ozone layer is situated entirely within the Homosphere.
 2. Water vapour content in the atmosphere decreases rapidly with altitude.
 3. The proportion of Argon in the atmosphere is higher than the proportion of Carbon dioxide.
- Select the correct answer using the code given below.
- (a) 1 only
 - (b) 2 only
 - (c) 2 and 3 only
 - (d) 1, 2 and 3
11. The SUJVIKA Portal, which was recently seen in the news, is related to:
- (a) It is a digital platform developed for monitoring groundwater extraction across India.
 - (b) It is a digital platform for monitoring air quality in urban local bodies.
 - (c) It is an AI-driven platform providing authenticated biotech import data to boost R&D, indigenisation and biomanufacturing in India.
 - (d) It is a portal for providing telemedicine services in aspirational districts.

12. The Great Oxidation Event (GOE) is most closely associated with which of the following?
- (a) The massive release of oxygen from volcanic eruptions during the breakup of the supercontinent Rodinia.
 - (b) Formation of the Earth's oceans through condensation of water vapour.
 - (c) Development of the first multicellular eukaryotic life forms.
 - (d) The biological activity of cyanobacteria producing oxygen as a byproduct of photosynthesis.
13. Tenali Ramakrishna, Alasani Peddanna and Pingali Suranna were the court poets of which of the following rulers of India?
- (a) Akbar
 - (b) Amoghavarsha
 - (c) Rajaraja Chola
 - (d) Krishnadeva Raya
14. LiDAR (Light Detection and Ranging) technology is used in which of the following applications?
1. Creation of high-resolution topographic maps
 2. Detection of underwater mineral deposits using light waves
 3. Autonomous vehicle navigation
 4. Forest canopy height and biomass assessment
 5. Weather forecasting through cloud profiling
- Select the correct answer using the code given below.
- (a) 1, 3 and 4 only
 - (b) 2, 3 and 5 only
 - (c) 1, 3, 4 and 5 only
 - (d) 1, 2, 3, 4 and 5

15. Consider the following statements regarding the Trachoma:
1. It is a viral infection that affects the respiratory tract and spreads through airborne droplets.
 2. India is the first country in south Asia that awarded Trachoma free as a Public Health Problem by the WHO.
- Which of the statements given above is/are correct?
- (a) 1 only
 - (b) 2 only
 - (c) Both 1 and 2
 - (d) Neither 1 nor 2
16. With reference to sulphur dioxide (SO₂) emissions in India, consider the following statements:
1. India is currently the world's largest emitter of anthropogenic sulphur dioxide (SO₂).
 2. Thermal power plants and certain industrial processes are major sources of SO₂ emissions in India.
 3. Sulphur dioxide (SO₂) is one of the pollutants that is monitored and reported under India's National Air Quality Index (AQI).
- Which of the statements given above are correct?
- (a) 1 and 2 only
 - (b) 1 and 3 only
 - (c) 2 and 3 only
 - (d) 1, 2 and 3
17. Consider the following statements:
1. Removal of keystone species disproportionately affects ecosystem structure.
 2. All apex predators are keystone species.
 3. Keystone species must be the most abundant species.
- Which of the statements given above is/are correct?
- (a) 1 only
 - (b) 1 and 2 only
 - (c) 2 and 3 only
 - (d) 1, 2 and 3

18. Which of the following areas require approval of the National Board for Wildlife for diversion of land?

1. National Parks
2. Wildlife Sanctuaries
3. Conservation Reserves
4. Eco-Sensitive Zones

Select the correct answer using the code given below.

- (a) 1 and 2 only
- (b) 1, 2 and 3 only
- (c) 1 and 4 only
- (d) 2 and 3 only

19. With reference to ecological succession, consider the following statements:

1. Primary succession always begins with lichens as pioneer species.
2. Secondary succession proceeds faster than primary succession primarily because soil profile is already developed.
3. Climax community represents a stage where net primary productivity becomes zero.

Which of the above statements are correct?

- (a) 2 only
- (b) 2 and 3 only
- (c) 1 and 2 only
- (d) 1, 2 and 3

20. Which of the following statements is/are correct about Regional Rural Banks (RRBs)?

1. The financial regulation and supervision of the RRBs are done by NABARD.
2. Share of Central government is largest in RRBs.
3. Capital Adequacy Ratio norms are not applicable to it.

Select the correct answer using the code given below.

- (a) 1 and 3 only
- (b) 1, 2 and 3
- (c) 2 and 3 only
- (d) 2 only

21. Which of the following are considered as Alternative Investment Funds in India as per the Securities and Exchange Board of India (SEBI)?

1. Angel Funds
2. Social Venture Funds
3. Hedge Funds
4. Mutual Funds

Select the correct answer using the code given below.

- (a) 1, 2 and 3 only
- (b) 2, 3 and 4 only
- (c) 1, 3 and 4 only
- (d) 1, 2 and 4 only

22. Consider the following statements regarding the Lake-Effect Snow recently seen in the news:

1. It occurs when cold air passes over warmer lake waters, leading to heavy snowfall.
2. This phenomenon is commonly observed near large lakes, such as the Great Lakes in North America.

Which of the statements given above is/are correct?

- (a) 1 only
- (b) 2 only
- (c) Both 1 and 2
- (d) Neither 1 nor 2

23. Consider the following pairs with regard to Rashtriya Vigyan Puraskar:

Award	Description
-------	-------------

- | | |
|--|--|
| 1. Vigyan Yuva-Shanti Swarup Bhatnagar | To encourage young scientists up to the age of 30 years who have made an exceptional contribution in any field of science and technology |
| 2. Vigyan Shri | For distinguished contributions in any field of science and technology by scientists. |
| 3. Vigyan Ratna | For lifetime achievements & contributions made by scientists in any field of science and technology. |

How many of the pairs given above is/are correctly matched?

- (a) Only one pair
- (b) Only two pairs
- (c) All three pairs
- (d) None of the pairs

24. Consider the following description:

- 1. It is a high-altitude wetland and an important breeding ground for the Black-necked Crane.
- 2. The site experiences extreme cold desert conditions, with temperatures dropping below freezing for most of the year.
- 3. It is located in a rain-shadow region, making it one of the driest wetlands in the country.

Which of the following Ramsar sites is best described by the description given above?

- (a) Loktak Lake
- (b) Wular Lake
- (c) Tso Kar Wetland Complex
- (d) Chandra Taal Wetland

25. Consider the following statements:

- 1. Mizoram is unique by the presence of the 'Loktak' lake at the center, surrounded by mountains from all sides.
- 2. Manipur is also known as the 'Molasses basin' made up of soft unconsolidated deposits.
- 3. The Barak is an important river in Manipur and Mizoram.

How many statements given above are correct?

- (a) Only one
- (b) Only two
- (c) All three
- (d) None

26. Which of the following best describes the concept of the 'Malthusian Trap'?

- (a) A situation where the birth rate and death rate are equal, leading to zero population growth.
- (b) A cycle where gains in food production are offset by population growth, keeping per capita income at a subsistence level.
- (c) A demographic phase where the working-age population is larger than the dependent population, boosting the economy.
- (d) The point at which a country's resource consumption exceeds its ecological carrying capacity, leading to permanent collapse.

27. Consider the following hills:

- 1. Nilgiri Hills
- 2. Aravalli Range
- 3. Rajmahal Hills
- 4. Cardamom Hills

How many of the above are spread across more than one state?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

28. Consider the following pairs:
- | Pottery | Periods |
|---------------------------------|-----------------------|
| 1. Coarse Grey Pottery | : Neolithic Period |
| 2. Ochre Coloured Pottery | : Chalcolithic Period |
| 3. Painted Grey Ware | : Early Vedic Period |
| 4. Northern Black Polished Ware | : Harrapan Period |
- How many of the above pairs are correctly matched?
- (a) Only one
(b) Only two
(c) Only three
(d) All four

29. Consider the following:
1. Nationalization of banks in 1969
 2. Land reforms
 3. Abolition of privy purses
- Which of the above measures were taken to implement socialist ideas of the Indian constitution?
- (a) Only one
(b) Only two
(c) All three
(d) None

30. Consider the following statements:
1. Results of opinion polls are prohibited from publishing during the period of 48 hours ending with the hour fixed for the conclusion of the poll in each of the phases of elections.
 2. Exit polls are not supposed to be conducted before the completion of the final phase of voting.
- Which of the statements given above is/are correct?
- (a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

31. Rajya Sabha is called a permanent chamber because:
- (a) It cannot be adjourned by its presiding officer.
(b) It is not subject to dissolution.
(c) It cannot be prorogued by its presiding officer
(d) It is not concerned with the continuation of government
32. Bhagat Singh, Chandrasekhar Azad and Rajguru carried out an attack that killed Saunders to:
- (a) register opposition to Public Safety Bill
(b) oppose the inhuman treatment of Komagata Maru passengers
(c) avenge the death of Lala Lajpat Rai
(d) oppose the implementation of Defence of India Act
33. Which among the following commissions recommended to establish Famine Fund in every province?
1. Richard Strachey
 2. MacDonnell commission
 3. Lee commission
 4. Lyall Commission
- Select the correct answer using the code given below.
- (a) 1, 2 and 4 only
(b) 2 and 3 only
(c) 1 and 3 only
(d) 1, 2, 3 and 4
34. With reference to the Rashtrakuta dynasty, consider the following statements:
1. Krishna III overthrew the Chalukyas and established the Rashtrakuta Kingdom.
 2. It had its capital at Manyakheta.
 3. The Kailasa temple at Ellora was built during the rule of Krishna III.
- How many of the above statements are correct?
- (a) Only one
(b) Only two
(c) All three
(d) None

35. Consider the following:
1. Quality crèche facility for children aged from six months to six years
 2. Pre-school education for children between 3 to 6 years
 3. Growth monitoring and immunization
- How many of the above are fulfilled by the effective implementation of the Palna scheme under the Mission Shakti?
- (a) Only one
 - (b) Only two
 - (c) All three
 - (d) None
36. Which one of the following best defines the term “Appropriate Government”?
- (a) The central government that is responsible for national policies and administration.
 - (b) The specific branch of government, either central or state, having jurisdiction over a particular subject matter according to the law.
 - (c) Any local or municipal government exercising authority in a small geographical area.
 - (d) A government agency or department designated to oversee the implementation of laws across all territories.
37. With reference to the provincial elections of 1937, consider the following statements:
1. Leftist within the Congress proposed the strategy of opposing Government of India Act 1935 by creating deadlock within provincial assemblies.
 2. Gandhiji agreed for the formation of Congress ministries after the election.
 3. Congress won most of the scheduled caste seats but performed poorly in Muslim constituencies.
- Which of the statements given above are correct?
- (a) 1 and 2 only
 - (b) 2 and 3 only
 - (c) 1 and 3 only
 - (d) 1, 2 and 3

38. Consider the following pairs:
- | Puppetry | States |
|-----------------|---------------|
| 1. Yampuri | : Odisha |
| 2. Putul Nautch | : West Bengal |
| 3. Kundhei | : Bihar |
- Which of the above pairs is/are correctly matched?
- (a) 1 and 3 only
 - (b) 2 only
 - (c) 1 and 2 only
 - (d) 1, 2 and 3
39. With reference to Sufism, consider the following pairs:
- | Term | Meaning |
|--------------|-------------------------------|
| 1. Silsilahs | : Various Orders among sufism |
| 2. Khanqah | : Hospice where the pir lived |
| 3. Samas | : Recital of holy songs |
- Which of the pairs given above is/are correctly matched?
- (a) 1 and 2 only
 - (b) 2 only
 - (c) 3 only
 - (d) 1, 2 and 3
40. Which among the following bodies is directly responsible to the Parliament and does **not** come under control of any Ministry/Department?
- (a) National Commission for Minorities
 - (b) National Disaster Management Authority
 - (c) Central Vigilance Commission
 - (d) Central Information Commission

41. With reference to the recently conducted 14th edition of Exercise Maitree- 2025, consider the following statements:
1. It is a bilateral military exercise conducted between India and Thailand.
 2. The exercise was held at Umroi, Meghalaya.
 3. It focuses on counter-terrorism operations.
- Which of the statements given above is/are correct?
- (a) 1 only
 - (b) 1 and 2 only
 - (c) 1 and 3 only
 - (d) 1, 2 and 3
42. The "Saranjami system" in medieval India was
- (a) Religious sect in Punjab
 - (b) Land grant system under Marathas
 - (c) Military strategy of Tipu sultan
 - (d) Revenue administration under Mughals
43. With reference to the Delhi sultanate period, the term *Zimmis* refers to:
- (a) Big landlords or warrior chiefs who were subordinates to the King.
 - (b) Rich merchants who used to give loans to others at exorbitant interest rates.
 - (c) They were the non-Muslims, who accepted the Muslim rule and agreed, to pay tax called jiziyah.
 - (d) Royal court advisors.
44. "Coffee Club", is sometimes seen in the news, in the context of:
- (a) UN Security Council Reforms
 - (b) Taxation Laws in WTO
 - (c) Trade and commerce of beverages
 - (d) Movement against racial discrimination.
45. Which of the following can act as precursors to secondary particulate matter formation?
1. Sulphur dioxide
 2. Nitrogen oxides
 3. Ammonia
 4. Carbon monoxide
- Select the correct answer using the code given below:
- (a) 1, 2 and 3 only
 - (b) 1 and 4 only
 - (c) 2 and 3 only
 - (d) 1, 2, 3 and 4
46. India is **not** the largest exporter of which of the following commodities?
- (a) Rice
 - (b) Turmeric
 - (c) Milk
 - (d) Cumin
47. At the Second Round Table Conference (1931), the Government of India was represented by:
- (a) C.P. Ramaswami Iyer, Narendra Nath Law, and M. Ramachandra Rao
 - (b) Tej Bahadur Sapru, B.R. Ambedkar, and Mohammad Ali Jinnah
 - (c) Surendra Nath Banerjee, Chittaranjan Das, and Subhas Bose
 - (d) Jawaharlal Nehru, Rajendra Prasad, and Abul Kalam Azad
48. Consider the following statements regarding the LIGO-India:
1. LIGO-India is a mega science project built at Pottipuram in the Theni district of Tamil Nadu.
 2. LIGO exploits the physical properties of light and of space itself to detect and understand the origins of gravitational waves.
 3. It is India's first dedicated Gravitational Wave Observatory.
- How many of the statements given above are correct?
- (a) Only one
 - (b) Only two
 - (c) All three
 - (d) None

49. In the context of Indian geography, which of the following statements best describes the term 'dhands'?
- They are narrow tidal channels found in coastal deltas that connect estuaries with the open sea.
 - They are shallow saline depressions or playas found in arid regions of western Rajasthan.
 - They are crescent-shaped oxbow lakes formed due to the meandering of Himalayan rivers.
 - They are glacial meltwater lakes found in the high-altitude basins of the Trans-Himalayas.

50. Consider the following statements:
- There is no provision in the constitution barring judges from becoming members of a political party.
 - The Memorandum of Procedure which guides the appointment of retired judges bars members having political affiliations from becoming judges.

Which of the following statements given above is/are correct?

- 1 only
- 2 only
- Both 1 and 2
- Neither 1 nor 2

51. The "Anegada Passage" is sometimes mentioned in the news with reference to which one of the following?
- A maritime channel between the Atlantic Ocean and the Caribbean Sea.
 - A strategic maritime strait connecting the Arabian Sea with the Persian Gulf.
 - A narrow land corridor linking Africa with Spain.
 - A major fault line responsible for earthquakes along the Pacific Ring of Fire.

52. Which of the following best describes the Namo Bharat RRTS, recently seen in the news?

- It is a conventional suburban rail service operated by Indian Railways for daily commuters between metropolitan cities.
- It is high-speed, high-frequency, intercity commuter rail services with dedicated tracks and advanced signalling.
- It is a semi-high-speed long-distance train service connecting major state capitals.
- It is a metro rail project designed exclusively for intra-city transport.

53. Consider the following pairs:

Region	Predominant natural vegetation
1. Rajasthan Plains	: Tropical Thorn Forest
2. Andaman & Nicobar Islands	: Tropical Evergreen Forest
3. Meghalaya Plateau	: Temperate Dry Deciduous

How many of the above pairs are correctly matched?

- Only one
- Only two
- All three
- None

54. Who among the following has the constitutional duty to communicate proposals for legislation by the States Council of Ministers to the Governor?
- Speaker of the State Assembly
 - Parliamentary Affairs Minister
 - Secretariat of the State Legislature
 - Chief Minister

55. The Great Blue Hole, often mentioned in the news, is best described as:
- (a) A volcanic caldera formed due to explosive eruptions.
 - (b) A massive submarine sinkhole formed during past ice ages.
 - (c) A coral atoll formed by reef accretion around a lagoon.
 - (d) A deep-sea trench associated with plate subduction.

56. Consider the following statements regarding Investor Education Protection Fund (IEPF) :
1. It is administered by the Securities and Exchange Board of India (SEBI).
 2. It is funded through annual budgetary contributions.

Which of the statements given above is/are correct?

- (a) 1 only
- (b) 2 only
- (c) Both 1 and 2
- (d) Neither 1 nor 2

57. Which of the following standard certification marks is issued by the Bureau of Indian Standards?

1. Hallmark (Purity of Gold Jewellery)
2. Eco mark (Eco Labelling of Consumer Products)
3. FPO mark (Processed Food Products)

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

58. Consider the following statements regarding Robert Clive:

1. He was the first Governor General of Bengal.
2. Robert Clive laid the territorial foundation of British rule in India.
3. He secured the Diwani rights for the East India Company.

How many of the statements given above are correct?

- (a) Only one
- (b) Only two
- (c) All three
- (d) None

59. This mineral is predominantly found in the Sukinda Valley of Odisha, which accounts for nearly 97% of India's reserves. The metal extracted from this mineral is essential for the manufacture of stainless steel due to its high resistance to corrosion.

The mineral referred to above is:

- (a) Bauxite
- (b) Chromite
- (c) Manganese
- (d) Magnesite

60. Consider the following statements with reference to stagflation:

1. Stagflation refers to an economic situation in which the economy expands without commensurate increase in employment opportunities.
2. Stagflation contradicts the Philips Curve which shows relationship between economic growth and employment.

Which of the statements given above is/are **not** correct?

- (a) 1 only
- (b) 2 only
- (c) Both 1 and 2
- (d) Neither 1 nor 2

- 61.** Netra MkII, sometimes seen in the news, is related to:
- (a) Deep-sea surveillance for submarine detection
 - (b) Space situational awareness and tracking of space debris
 - (c) Airborne early warning and control system
 - (d) Advanced obstacle detection technology for Indian Railways
- 62.** Consider the following statements:
1. Anticipatory bail is a direction to release a person apprehending arrest on non-bailable offence charges.
 2. Only a High court and Supreme Court can grant anticipatory bail.
- Which of the statements given above is/are correct?
- (a) 1 only
 - (b) 2 only
 - (c) Both 1 and 2
 - (d) Neither 1 nor 2
- 63.** With reference to the salinity of ocean waters, consider the following statements:
1. The salinity of surface water in the oceans is generally highest at the Equator due to intense solar radiation.
 2. The North Sea, despite its high latitude, records relatively high salinity due to the influence of the North Atlantic Drift.
- Which of the statements given above is/are correct?
- (a) 1 only
 - (b) 2 only
 - (c) Both 1 and 2
 - (d) Neither 1 nor 2

- 64.** Consider the following statements regarding Therukoothu:
1. It is one of the oldest traditional theatre forms of Kerala.
 2. The main theme performed in it are the cycle of eight plays based on the life of Draupadi.
- Which of the statements given above is/are correct?
- (a) 1 only
 - (b) 2 only
 - (c) Both 1 and 2
 - (d) Neither 1 nor 2
- 65.** In the context of Indian economy, which of the following statements is correct about the fiat money?
- (a) It has intrinsic value.
 - (b) It is backed by a physical commodity, such as gold or silver.
 - (c) It can not lose or gain value.
 - (d) It can not be refused by citizen of the country for settlement of any kind of transaction.
- 66.** Which of the following items form a part of the Public Account of India?
1. Provident Funds
 2. Reserve Funds Deposits made by outside agencies
 3. Treasury Bills
 4. Small Savings Schemes
- Select the correct answer using the code given below.
- (a) 1 and 4 only
 - (b) 1, 2 and 4 only
 - (c) 2 and 3 only
 - (d) 1, 2, 3 and 4

67. Consider the following statements regarding the maritime zones defined by UNCLOS:
1. The Territorial Sea, where a nation exercises full sovereignty, extends up to 24 nautical miles from the baseline.
 2. The Exclusive Economic Zone (EEZ) grants a nation full sovereign rights, equivalent to those on its land territory.
- Which of the statements given above is/are correct?
- (a) 1 only
 - (b) 2 only
 - (c) Both 1 and 2
 - (d) Neither 1 nor 2
68. Consider the following statements:
- Statement-I: Digital Personal Data Protection Act, 2023 amends the Right to Information Act, 2005 to exempt all personal information from disclosure.
- Statement-II: Passing of the Digital Personal Data Protection Act, 2023 may potentially impact the people's right to information.
- Which one of the following is correct in respect of the above statements?
- (a) Both Statement-I and Statement-II are correct and Statement-II is the correct explanation for Statement-I
 - (b) Both Statement-I and Statement-II are correct but Statement-II is not the correct explanation for Statement-I
 - (c) Statement-I is correct but Statement-II is incorrect
 - (d) Statement-I is incorrect but Statement-II is correct
69. In the context of the history of India, which of the following were related to the Andhau Inscriptions?
- (a) The administrative reforms of the Vijaynagar kingdom in southern India.
 - (b) The administrative, social, and linguistic conditions under the rule of Rudradaman I.
 - (c) The spread of Buddhism under the Mauryan Empire along the western coast.
 - (d) The maritime trade activities of the Cholas with Southeast Asia.
70. With reference to Indian history, the 'Bibighar massacre' is related to:
- (a) Chauri Chaura in 1922
 - (b) Revolt of 1857
 - (c) Rampa Rebellion
 - (d) Thambi revolt
71. With reference to Net Primary Productivity (NPP), consider the following statements:
1. NPP represents the total biomass available to primary consumers.
 2. NPP is always higher in tropical rainforests than in temperate forests.
 3. NPP is equal to Gross Primary Productivity minus plant respiration.
- Which of the statements given above are correct?
- (a) 1 and 3 only
 - (b) 2 and 3 only
 - (c) 3 only
 - (d) 1, 2 and 3
72. Which of the following is judicially reviewable?
1. Writ jurisdiction of higher judiciary
 2. Supreme Court's power to grant special leave
 3. High Court's power of superintendence over courts in its jurisdiction
- Select the correct answer using the code given below.
- (a) Only one
 - (b) Only two
 - (c) All three
 - (d) None
73. Which one of the following published the World Inequality Report 2026?
- (a) European Network of Equality Bodies
 - (b) World Economic Forum
 - (c) United Nations Development Programme
 - (d) World Inequality Lab

74. As per the Indian constitution, consider the following statements:

1. The constitution of India mandates that all proceedings in the Supreme Court and High Courts shall be conducted in English.

How many of the statements given above are correct?

- (a) Only one
- (b) Only two
- (c) All three
- (d) None

75. With respect to National Cooperative Policy, consider the following statements:

1. For the first time the Government of India came up with a National Cooperative Policy to promote a conducive environment for sustainable cooperative development.
2. The policy aims to triple the cooperative sector's contribution to GDP by 2030.
3. The National Steering Committee on Cooperation Policy chaired by the Union Cooperation Minister will be constituted for overall guidance and inter-ministerial coordination for policy implementation.

How many of the statements given above are correct?

- (a) Only one
- (b) Only two
- (c) All three
- (d) None

76. With reference to the history of India, consider the following statements:

1. The Barabar Caves are a group of ancient rock-cut caves presently located in the Jharkhand.
2. These caves reflect the religious tolerance and inclusivity promoted by Ashoka.
3. The Barabar Caves have been recognized as a UNESCO World Heritage site.

How many of the statements given above is/are correct?

- (a) Only one
- (b) Only two
- (c) All three
- (d) None

77. With reference to India's plastic waste management framework, consider the following statements regarding PET plastic:

1. PET bottles are covered under the Extended Producer Responsibility (EPR) provisions of the Plastic Waste Management Rules.
2. Recycled PET (rPET) is permitted for use in food-contact packaging in India.
3. PET plastic is completely exempted from single-use plastic restrictions due to its recyclability.

Which of the statements given above are correct?

- (a) 1 and 2 only
- (b) 2 and 3 only
- (c) 1 only
- (d) 1, 2 and 3

78. In India there is no parliament's sovereignty because:

1. Written nature of constitution
2. Provision of Fundamental rights
3. Federal system of government

How many of the above can be considered as limitations on Indian parliament's sovereignty?

- (a) Only one
- (b) Only two
- (c) All three
- (d) None

79. Which of the statements is correct in context of the Supreme Court?
- An distinguished jurist in the opinion of the Collegium can be appointed as a judge of Supreme Court.
 - The tenure of Supreme Court judge is same as that of the federal court Judge of the USA.
 - A judge of the Supreme Court can be removed from his office by an order of the President.
 - President of India can appoint a judge of a High Court as an ad hoc judge of the Supreme Court.
80. Subhash Chandra Bose Aapda Prabandhan, 2025 was awarded to which among the following organizations?
- The Indian National Centre for Ocean Information Services
 - Gujarat Institute of Disaster Management
 - Sustainable Environment and Ecological Development Society
 - Odisha State Disaster Management Authority
81. Consider the following statements about "Yogacara School of philosophy":
- It belongs to Mahayana school of Buddhism.
 - It believes that world is built by consciousness and is no more than a dream.
- Which of the statements given above is/are correct?
- 1 only
 - 2 only
 - Both 1 and 2
 - Neither 1 nor 2

82. Which of the following statements is/are correct with regards to the Central Government's procurement policy of wheat and rice?
- Under centralized procurement system, the Food Corporation of India (FCI) procures wheat and rice.
 - Under decentralised procurement system, mandi labour charges and arhatiya commission is reimbursed by the Government of India.
- Select the correct answer using the code given below.
- 1 only
 - 2 only
 - Both 1 and 2
 - Neither 1 nor 2
83. Consider the following:
- Stallete plan.
 - Upraised platform, known as Jagati.
 - Zigzag stairs
- Which of the above architectural features are related to the Hoysala temple architecture?
- 1 and 2 only
 - 2 and 3 only
 - 1 and 3 only
 - 1, 2, and 3
84. In a terrestrial ecosystem, which trophic level generally contains the highest biomass?
- Primary producers
 - Primary consumers
 - Secondary consumers
 - Tertiary consumers
85. The principle of "Equal Protection of Law" under the Constitution of India guarantees:
- Everyone is subject to the same legal code regardless of their social status.
 - All individuals have the right to a fair trial and legal representation.
 - Laws should be applied uniformly to all individuals in similar circumstances.
 - The government is obligated to provide equal economic opportunities to all citizens.

86. Consider the following rivers:

1. Nile
2. Mekong
3. Zambezi
4. Congo

How many of the above rivers drain into the Indian Ocean?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

87. How many of the following mountain peaks are located in India?

1. Kanchenjunga
2. Dhaulagiri
3. Kamet
4. Annapurna

Select the correct answer using the code given below.

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

88. Which of the following best explains why pressure cookers cook food faster than open vessels?

- (a) They allow steam to escape intermittently, preventing excessive cooling.
- (b) They Increase in kinetic energy of water molecules due to reduced heat loss.
- (c) They prevent convection currents inside the vessel, leading to uniform heating.
- (d) They increase the boiling point of water by increasing the internal pressure.

89. Consider the following statements about the Special Economic Zones (SEZs):

1. The first SEZ to be established in India was in Kandla in 2005.
2. Units in SEZs can have duty-free import.
3. SEZs are exempted from the Goods and Services tax (GST) and levies imposed by state government.

Which of the statements given above is/are correct?

- (a) 2 and 3 only
- (b) 1 and 2 only
- (c) 3 only
- (d) None

90. Assertion: Peatlands are significant carbon sinks.

Reason: Peat accumulation occurs due to fast decomposition in tropical climate.

Which of the options given below is/are correct?

- (a) Both A and R are true and R is the correct explanation for A.
- (b) Both A and R are true but R is not the correct explanation for A.
- (c) A is true, while R is false.
- (d) A is false, while R is true.

91. Which one of the following statements best describes the Doomsday Clock?

- (a) It is a scientific instrument used to measure the probability of nuclear war based on real-time geopolitical data.
- (b) It is a symbolic representation that indicates humanity's proximity to global catastrophic risks such as nuclear war and climate change.
- (c) It is an official mechanism of the United Nations to assess compliance with global disarmament treaties.
- (d) It is a predictive model developed by the International Atomic Energy Agency to forecast global security threats.

92. Consider the following statements regarding the safeguards provided to the civil servants in India:

1. A civil servant cannot be dismissed or removed by an authority subordinate to that by which he was appointed.
2. If a civil servant has been convicted on a criminal charge, he can only be dismissed after an inquiry in which he has been informed of the charges against him.

Which of the statements given above is/are correct?

- (a) 1 only
- (b) 2 only
- (c) Both 1 and 2
- (d) Neither 1 nor 2

93. Which among the following is/are the reasons behind the decline in usage of gold coins from 6th Century CE onwards?

1. Collapse of the Western Roman Empire
2. Decrease in the economic prosperity of the States
3. Disappearance of towns

Select the correct answer using the code given below.

- (a) 1 and 3 only
- (b) 2 and 3 only
- (c) 1 and 2 only
- (d) 1, 2 and 3

94. Which of the following characteristics increase invasiveness of a species?

1. High reproductive rate
2. Broad ecological tolerance
3. Specialized niche requirement
4. Absence of natural predators

Select the correct answer using the code given below.

- (a) 1, 2 and 4 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2, 3 and 4

95. With reference to the Biological Weapons Convention (BWC), consider the following statements:

1. It was the first treaty to ban an entire class of weapons of mass destruction.
2. Use of biological agents for prophylactic purposes is not prohibited under BWC.

Which of the statements given above is/are correct?

- (a) 1 only
- (b) 2 only
- (c) Both 1 and 2
- (d) Neither 1 nor 2

96. Consider the following statements regarding the Thar Desert:

1. Frequent western disturbances during the summer months inhibit rainfall over the region.
2. The Aravalli Range is aligned parallel to the direction of the Arabian Sea branch of the Southwest Monsoon.
3. The region is influenced by atmospheric subsidence associated with the subtropical high-pressure belt.

How many of the above are plausible reasons for the aridity of the Thar Desert?

- (a) Only one
- (b) Only two
- (c) All three
- (d) None

97. The Anti-Compromise Conference held at Ramgarh in March 1940 was organized by which of the following?

- (a) Indian National Congress
- (b) Forward Bloc
- (c) All India Kisan Sabha
- (d) Muslim League

98. The 'Schengen Zone', is recently seen in the news, is a zone related to:
- (a) a passport-free travel and borderless zone in Europe
 - (b) an economic region comprising European countries that has a Free Trade Agreement between them
 - (c) an economic and geographic region comprising European Union countries that use the Euro as their national currency
 - (d) a territorial disputed region between UK and other EU countries situated in the Atlantic ocean.
99. Chinese Scientists created the first Pangenome of Asian rice with the help of 'PacBio high-fidelity' sequencing technology. In this regard, which of the following best describes the term "Pangenome"?
- (a) It is the complete genetic material present in a single individual of a species.
 - (b) It is the total RNA expressed in a cell at a given time.
 - (c) It is the entire set of genes present across all individuals of a species.
 - (d) It is the collection of proteins produced by a genome.

100. Recently, some changes have been introduced in the Liberalized Remittance Scheme (LRS). In this context, consider the following statements:

1. LRS was introduced in 1999 under the Foreign Exchange Management Act, 1999.
2. The scheme is primarily meant for inward and outward remittances.
3. LRS allows Indian residents to freely remit up to USD \$250000/year for permitted current or capital account transactions.

Which of the statements given above is/are correct?

- (a) 1 only
- (b) 1 and 2 only
- (c) 2 and 3 only
- (d) 3 only
