Test Booklet Series

TEST BOOKLET

C

GENERAL STUDIES (P) 2026 – Test – 6335

Time Allowed: Two Hours

Maximum Marks: 200

INSTRUCTIONS

1. IMMEDIATELY AFTER THE COMMENCEMENT OF THE EXAMINATION, YOU SHOULD CHECK THAT THIS BOOKLET DOES **NOT** HAVE ANY UNPRINTED OR TURN OR MISSING PAGES OR ITEMS, ETC. IF SO, GET IT REPLACED BY A COMPLETE TEST BOOKLET.
2. ENCODE CLEARLY THE TEST BOOKLET SERIES **A, B, C** OR **D** AS THE CASE MAY BE IN THE APPROPRIATE PLACE IN THE ANSWER SHEET.
3. You have to enter your Roll Number on the Test Booklet in the Box provided alongside. **Do NOT** write anything else on the Test Booklet.
4. This Test Booklet contains **100** items (Questions). Each item is printed in **English**. Each item comprises four responses (answers). You will select the response which you want to mark on the Answer Sheet. In case you feel that there is more than one correct response with you consider the best. In any case, choose **ONLY ONE** response for each item.
5. You have to mark all your responses **ONLY** on the separate Answer Sheet provided. See direction in the answers sheet.
6. All items carry equal marks. Attempt all items. Your total marks will depend only on the number of **correct responses** marked by you in the answer sheet. For **every incorrect** response **1/3rd of the allotted marks** will be deducted.
7. Before you proceed to mark in the Answer sheet the response to various items in the Test booklet, you have to fill in some particulars in the answer sheets as per instruction sent to you with your Admission Certificate.
8. After you have completed filling in all responses on the answer sheet and the examination has concluded, you should hand over to Invigilator only the answer sheet. You are permitted to take away with you the Test Booklet.
9. Sheet for rough work are appended in the Test Booklet at the end.

DO NOT OPEN THIS BOOKLET UNTIL YOU ARE ASKED TO DO SO

1. Consider the following statements regarding the Pabna revolt:
1. It was a peasant uprising directed mainly against excessive rent demands by the British.
 2. The movement relied heavily on legal resistance and petitions rather than armed rebellion.
 3. It resulted in the enactment of the Bengal Tenancy Act, 1885.
- Which of the statements given above is/are correct?
- (a) 2 only
(b) 3 only
(c) 2 and 3 only
(d) 1 and 3 only
2. With reference to aspects of classical Indian dance, which of the following statements is/are correct?
1. *Nritta* is essentially expressional, performed specifically to convey the meaning of a theme or idea.

 3. *Natya* highlights the dramatic element of dance forms.
- Select the correct answer using the code given below.
- (a) 1, 2 and 3
(b) 3 only
(c) 1 and 2 only
(d) 2 and 3 only

3. With regards to the Department for Promotion of Industry and Internal Trade (DPIIT), consider the following statements:
1. It is a central government department under Ministry of Commerce and Industry.
 2. It is responsible for facilitating and increasing the foreign direct investment flows to the country.
- Which of the statements given above is/are correct?
- (a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2
4. How many of the following are part of UNESCO's World Network of Biosphere Reserves?
1. Cold Desert Biosphere Reserve
 2. Manas Biosphere Reserve
 3. Sundarbans Biosphere Reserve
 4. Panna Biosphere Reserve
- Select the correct answer using the code given below.
- (a) Only one
(b) Only two
(c) Only three
(d) All four
5. Which of the following international agreements primarily deals with access to genetic resources and the fair and equitable sharing of benefits arising from their utilisation?
- (a) Cartagena Protocol on Biosafety
(b) Vienna Convention
(c) Nagoya Protocol
(d) Montréal Convention

6. The term “Greedflation”, recently seen in the news, refers to which of the following phenomena?
- (a) A rise in prices caused primarily by excessive demand during economic recovery
 - (b) Inflation driven by increased production costs such as wages and raw materials
 - (c) A situation where firms raise prices beyond cost increases to expand profit margins
 - (d) Persistent inflation resulting from expansionary monetary policy by central banks

7. With reference to the Press Council of India, consider the following statements:

- 1. It is a statutory quasi-judicial authority.
- 2. It is chaired by a sitting or retired judge of the Supreme Court.
- 3. It has powers to order suo-moto inquiry in matters concerning freedom of the press.

Which of the statements given above is/are correct?

- (a) 1 only
- (b) 2 and 3 only
- (c) 1, 2 and 3
- (d) 1 and 3 only

8. Second Schedule of the Constitution provides provisions relating to the emoluments, allowances and privileges of:

- 1. President and Prime Minister of India
- 2. Judges of the Supreme Court and of the High Courts
- 3. Chairman and the Deputy Chairman of the Council of States
- 4. Comptroller and Auditor-General of India.

Select the correct answer using the code given below.

- (a) 1 and 4 only
- (b) 2, 3 and 4 only
- (c) 1, 3 and 4 only
- (d) 1, 2, 3 and 4

9. Which of the following animals are known to use echolocation for navigation?

- 1. Dolphins
- 2. whales
- 3. Bats
- 4. Pygmy dormouse
- 5. Aye-Ayes

Select the correct answer using the code given below.

- (a) 2 and 3 only
- (b) 1, 2, 3 and 5 only
- (c) 1, 2 and 3 only
- (d) 1, 2, 3, 4 and 5 only

10. Consider the following statements:

- 1. Parliament and State legislatures can make laws to restrict or abrogate the fundamental rights of the members of armed forces and para-military forces.
- 2. Any such law made cannot be challenged in any court on the ground of contravention of any of the fundamental rights.
- 3. Any such law can also exclude court martial from the writ jurisdiction of Supreme Court and High Court.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) All three
- (d) None

11. In the context of Balance of Payments, which of the following are also referred to as 'below the line items'?

- (a) All the capital receipts
- (b) Remittances along with Foreign Direct Investment
- (c) All non-merchandise transactions
- (d) All the accommodating transactions

12. Consider the following statements regarding the Direct Firing Sight Navigation System:

1. The System is designed to enhance accuracy in line-of-sight weapon engagement.
2. It can operate even in GPS-denied conditions.
3. The sight is particularly effective against low-flying drones, vehicles, and fast-moving threats.

How many of the statements given above are correct?

- (a) Only one
- (b) Only two
- (c) All three
- (d) None

13. Consider the following statements:

1. Article 341 mandates that the President, after consultation with the state governor, may notify the castes, tribes and races deemed to be scheduled castes in relation to a state.
2. Any alteration to the President's list is only done by the Parliamentary law alone and States do not have any competence to change the list.

Which of the statements given above is/are correct?

- (a) 1 only
- (b) 2 only
- (c) Both 1 and 2
- (d) Neither 1 nor 2

14. Which of the following wetlands of India were recently added to the List of Wetlands of International Importance (the "Ramsar List")?

1. Gogabeel Lake
2. Longwood Shola Reserve Forest
3. Siliserh Lake
4. Karaivetti Bird Sanctuary

Select the correct answer using the code given below.

- (a) 1 and 3 only
- (b) 1, 2 and 3 only
- (c) 2 and 4 only
- (d) 1, 2, 3 and 4

15. Which of the following statements best describes the term biotic potential?

- (a) The maximum reproductive capacity of a population under ideal environmental conditions
- (b) It is the maximum amount of fertiliser that can be used without increasing the pH of the soil.
- (c) The maximum population size that an environment can sustain indefinitely
- (d) The maximum rate of nutrient recycling in a stable ecosystem

16. Consider the following statements about Accredited Social Health Activist (ASHA):

1. ASHA acts as the first point of contact of the community with the primary healthcare system in urban and rural areas.
2. It is mandatory that ASHA should be literate.
3. ASHA is authorized to perform minor operations in case of emergency.
4. ASHA workers are also involved in construction of household toilets.

Select the correct answer using the code given below.

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 4 only
- (d) 1, 3 and 4 only

17. Consider the following statements:

1. According to the Constitution, the Speaker nominates from amongst the members a panel of not more than ten chairpersons.
2. A member of the panel of chairpersons can preside over the House, when the office of the Speaker or the Deputy Speaker is vacant.
3. When a member of the panel of chairpersons is also not present, any other person as determined by President acts as the Speaker.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) All three
- (d) None

18. Consider the following statements:

1. The Aravalli Hills are among the oldest folded mountains in the world.
2. The Western Ghats are part of the Deccan traps formed due to volcanic activity.
3. The Meghalaya Plateau is an extension of the Peninsular Plateau.

Which of the statements given above is/are correct?

- (a) 1 only
- (b) 1 and 2 only
- (c) 1 and 3 only
- (d) 1, 2 and 3

19. Consider the following conditions:

1. Clear and cloudless long winter nights
2. Dry air near the Earth's surface
3. Strong surface winds
4. Strong convective activity during nighttime.

How many of the above conditions favour the formation of temperature inversion near the Earth's surface?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

20. Recently, the Canadian Prime Minister Mark Carney proposed a doctrine famously called the Carney Doctrine. The doctrine calls for

- (a) A foreign policy framework urging middle powers to unite against coercive actions by great powers.
- (b) United and persistent effort to prevent the breach of the climate thresholds.
- (c) The exit of Canada from the North American Free Trade Agreement.
- (d) The non-intervention of the West in the affairs of West Asia.

21. Consider the following statements regarding Laser Light Communication:

1. Laser Light Communication transmits data using highly focused beams of light waves.
2. Lasers operate at much lower frequencies than radio waves.
3. It can be used in satellite-to-satellite and deep space communication systems.

Which of the statements given above are correct?

- (a) 1 and 2 only
- (b) 2 and 3 only
- (c) 1 and 3 only
- (d) 1, 2 and 3

22. Which of the following best describes “Refuse-Derived Fuel (RDF)”?
- It is a liquid biofuel produced from agricultural residues through anaerobic digestion.
 - It is a fuel produced by processing and segregating industrial waste, municipal solid waste (MSW), or commercial waste.
 - It is a fossil fuel extracted from landfills through methane capture.
 - It is a fuel generated from recycled nuclear plant waste.
23. Recently an IAS officer Supriya Sahu was awarded the Champions of the Earth Award. In this context, consider the following statements:
- It is administered by the United Nations Environment Programme on a global scale.
 - It is the United Nations’ highest environmental honour, recognising outstanding leadership and action.
 - Supriya Sahu is the only Indian to receive the UN Champions of the Earth Award till date.
- How many of the statements given above are correct?
- Only one
 - Only two
 - All three
 - None
24. The life size bronze sculpture of Krishnadevaraya with his two queen is found at which one of the following places?
- Tirupati
 - Daimabad
 - Ujjain
 - Hampi

25. The Global Cooling Watch 2025 Report is released by which of the following?
- International Energy Agency (IEA)
 - United Nations Environment Programme (UNEP)
 - World Economic Forum (WEF)
 - World Meteorological Organisation (WMO)
26. Consider the following pairs:
- | Geographical feature | Description |
|----------------------|---|
| 1. Mariana Trench | : Deepest point in the world’s oceans |
| 2. Amazon River | : Longest river in the world by length |
| 3. Lake Superior | : Largest freshwater lake by surface area |
- How many of the above pairs are correctly matched?
- Only one
 - Only two
 - All three
 - None
27. Consider the following statements about stock exchanges in India:
- National Stock Exchange (NSE) was the first stock exchange in the country to introduce electronic trading facilities.
 - Listing a company on both National Stock Exchange (NSE) and Bombay Stock Exchange is mandatory for large-cap companies.
 - India International Exchange is a subsidiary of Bombay Stock Exchange.
- How many of the statements given above are correct?
- Only one
 - Only two
 - All three
 - None

28. Consider the following statements regarding the Electronically Transmitted Postal Ballot System (ETPBS):

1. Under this system, postal ballots are sent electronically to registered service voters.
2. The Conduct of Election Rules, 1961, was amended in 2016 to allow service voters to use the ETPBS.

Which of the statements given above is/are correct?

- (a) 1 only
- (b) 2 only
- (c) Both 1 and 2
- (d) Neither 1 nor 2

29. With reference to Earth- Sun relations, consider the following statements:

1. The tilt of the Earth's axis is responsible for the occurrence of seasons.
2. Perihelion occurs when Earth is farthest from the Sun.
3. Aphelion occurs during the Northern Hemisphere summer.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) All three
- (d) None

30. Who among the following was associated with the founding of the Servants of India Society?

- (a) Gopal Krishna Gokhale
- (b) M. G. Ranade
- (c) Bal Gangadhar Tilak
- (d) Dadabhai Naoroji

31. Which of the following best describes "Biochemical Markers"?

- (a) They are genetically modified organisms used for therapeutic purposes.
- (b) They are measurable indicators in biological samples that reflect normal or abnormal biological states.
- (c) They are chemical preservatives used to enhance the shelf life of pharmaceutical products.
- (d) They are artificial enzymes synthesised for industrial biotechnology applications.

32. Consider the following statements regarding Registered Unrecognised Political Parties (RUPP):

1. A common symbol is not available for these parties in any condition
2. They do not enjoy tax exemption for their contribution as given to recognized parties
3. They can nominate the same number of star campaigners as the State party

How many of the statements given above are correct?

- (a) Only one
- (b) Only two
- (c) All three
- (d) None

33. Which of the following are the impacts of depletion of the stratospheric ozone layer?

1. Adversely affect plant growth and phenological stages.
2. Ozone layer depletion leads to cooling of the troposphere.
3. Higher incidence of cataracts and skin cancers in humans.
4. Increase in ground-level ozone concentration.

Select the correct answer using the code given below.

- (a) 1, 2 and 3 only
- (b) 1, 3 and 4 only
- (c) 2 and 4 only
- (d) 1 and 3 only

34. Consider the following statements regarding the Commonwealth:

- I. Member countries owe allegiance to the British monarch as their true ruler.
- II. The London Declaration allowed republics to be part of the Commonwealth.
- III. The Commonwealth Secretariat was created in 1947 in Cape Town.

Which of the statements given above are correct?

- (a) II only
- (b) I and II only
- (c) I, II and III
- (d) III only

35. With reference to Samudragupta, consider the following statements:

1. He believed in the policy of peace and non-aggression.
2. During his reign, the Chinese pilgrim Fa-hsien visited India and wrote an elaborate account of the life of its people.

Which of the statements given above is/are correct?

- (a) 1 only
- (b) 2 only
- (c) Both 1 and 2
- (d) Neither 1 nor 2

36. Consider the following pairs of pollutants and their major anthropogenic sources:

Pollutant	Source
1. Black carbon	: Diesel engines and biomass burning
2. Arsenic	: Use of phosphate fertilisers
3. Mercury	: Coal-based thermal power plants
4. Plutonium	: Medical radioisotope production

How many of the pairs given above are correctly matched?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

37. Which of the following situations best defines 'liquidity trap'?

- (a) It is the restriction imposed by a central bank on excessive lending by the commercial banks.
- (b) It is the delay in the transmission of the changes in the policy rates by the commercial banks.
- (c) It is a contradictory economic situation in which interest rates are very low and savings rates are high.
- (d) It is the contradictory situation in which people spend more money despite high levels of inflation.

38. Consider the following components:

1. Clothing and Footwear
2. Fuel and light
3. Pan, tobacco, and intoxicants
4. Housing

Which of the above are included in the Consumer Price Index (CPI) basket in India?

- (a) 1 and 2 only
- (b) 1, 2 and 3 only
- (c) 2, 3 and 4 only
- (d) 1, 2, 3 and 4

39. Consider the following statements regarding the National Commission for Backward Classes (NCBC) :

1. It was set up through 102nd Constitutional Amendment Act of 2018.
2. It presents an annual report to the parliament.
3. The Commission consists of a chairperson, a vice-chairperson and three other members.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) All three
- (d) None

40. Recent studies show that fall in water levels of Lake Turkana due to climate change has led to increased earthquake activity in the region. In this context, consider the following statements:

1. Lake Turkana is the world's largest permanent desert lake.
2. Lake Turkana is a tectonic lake formed within the East African Rift System.
3. It is located entirely within Ethiopia.

Which of the statements given above are correct?

- (a) 1 and 2 only
- (b) 2 and 3 only
- (c) 1 and 3 only
- (d) 1, 2 and 3

41. With reference to the location of industries, consider the following statements:

1. A weight-losing industry is generally located near the source of raw materials.
2. Footloose industries are most influenced by raw material location and transport costs.
3. Industries that depend heavily on perishable raw materials tend to locate close to markets rather than raw material sources.

How many of the statements given above are correct?

- (a) Only one
- (b) Only two
- (c) All three
- (d) None

42. Consider the following statements regarding Quantum Dots:

1. Quantum dots are semiconductor nanoparticles with dimensions typically in the nanometer scale range.
2. Solar cells made with quantum dots have a thermodynamic efficiency of 100%.

Which of the statements given above is/are correct?

- (a) 1 only
- (b) 2 only
- (c) Both 1 and 2
- (d) Neither 1 nor 2

43. With reference to Carnatic music, consider the following statements:

1. The Tillana is mainly a short and crisp dance form.
2. The sahitya of a tillana is in Tamil or Telugu only.

Which of the statements given above is/are correct?

- (a) 1 only
- (b) 2 only
- (c) Both 1 and 2
- (d) Neither 1 nor 2

44. Which of the following factors does not play a direct role in the formation of the planetary wind system?
- (a) Unequal heating of the Earth's surface with latitude
 - (b) Development of permanent global pressure belts
 - (c) Revolution of the Earth around the Sun
 - (d) Coriolis force arising due to Earth's rotation
45. The term 'Ways and Means Advances (WMA)', sometimes seen in the news, refers to
- (a) Long-term market borrowing by the Union Government through dated securities
 - (b) A temporary overdraft facility provided by the RBI to governments to meet short-term cash mismatches
 - (c) A World Bank credit line for state infrastructure projects
 - (d) An RBI window for refinancing commercial banks' bad loans of Banks
46. Regarding the Indian judiciary, consider the following:
1. Appointment of additional judges.
 2. Determination of the age of a judge by the president.
 3. Transfer of a judge by the president.
- How many of the above provisions are correct only for the high courts?
- (a) Only one
 - (b) Only two
 - (c) All three
 - (d) None

47. Consider the following statements:
- Statement I: Induced pluripotent stem cells play an important role in regenerative medicine.
- Statement II: Induced pluripotent stem cells are naturally present in placental tissues after birth and can be readily obtained for therapeutic use.
- Which one of the following is correct with respect to the above statements?
- (a) Both Statement I and Statement II are correct and Statement II explains Statement I
 - (b) Both Statement I and Statement II are correct but Statement II does not explain Statement I
 - (c) Statement I is correct but Statement II is not correct
 - (d) Statement I is not correct but Statement II is correct
48. Consider the following statements:
- Statement-I: Exfoliation domes are commonly found in massive homogeneous rocks such as granite.
- Statement-II: Reduction in overburden pressure causes expansion and separation of outer layers.
- Which one of the following is correct in respect of the above statements?
- (a) Both Statement-I and Statement-II are correct and Statement-II is the correct explanation for Statement-I
 - (b) Both Statement-I and Statement-II are correct and Statement-II is not the correct explanation for Statement-I
 - (c) Statement-I is correct but Statement-II is incorrect
 - (d) Statement-I is incorrect but Statement-II is correct

49. What do you understand by the term 'Green GDP'?
- It refers to the monetary value of goods and services produced in renewable sectors in a country.
 - It refers to total monetary value of finished goods and services produced in a country after adjusting for environmental damage.
 - It refers to the potential GDP that can be achieved when a country's resources are fully exploited.
 - It refers to the expected monetary value of the biodiversity in a country.

50. With reference to the Satavahana kingdom, consider the following statements:

- The highest grade of feudatories was formed by the mahabhoja in the Satavahana kingdom.
- The Satavahana kings and queens performed Vedic sacrifices such as *ashvamedha vajapeya*.

Which of the statements given above is/are correct?

- 1 only
- 2 only
- Both 1 and 2
- Neither 1 nor 2

51. Consider the following statements:

- The minimum paid-up capital prescribed for Small Finance Banks (SFBs) in India is Rs 500 crore.
- SFBs are required to open at least 25% of its branches in unbanked rural centres.
- Only listed SFBs can apply for conversion into universal banks.

Which of the statements given above is/are correct?

- 1, 2 and 3
- 2 and 3 only
- 1 only
- 1 and 3 only

52. Which of the following statements about the Directorate of Revenue Intelligence (DRI) is **not** correct?

- It is involved in combating illicit international trade in wildlife.
- It enforces the provisions of the Narcotic Drugs and Psychotropic Substances (NDPS) Act, 1985.
- It functions under the Central Board of Indirect Taxes and Customs (CBIC).
- It is a statutory body created under the Customs Act, 1962.

53. Consider the following statements regarding the financial powers of Indian States:

- A state government can raise loans within India without the consent of the Central Government.
- If a state has outstanding loans from the Central Government, it requires prior consent from the Centre before borrowing further.
- The Indian constitution prohibits the states from raising loans from foreign sources.

How many of the statements given above are correct?

- Only one
- Only two
- All three
- None

54. Consider the following statements:

- These are available in three categories—closed, semi-closed and open.
- These are regulated by the Reserve Bank of India.
- These can be issued by banks and non-banks

Which of the following has been defined in the statements given above?

- Prepaid Payment Instruments
- Treasury Bills
- Masala Bonds
- Participatory Notes

55. Consider the following statements regarding nitrogen pollution:
1. Nitrate contamination of groundwater is a major cause of methemoglobinemia in infants.
 2. Agricultural runoff rich in nitrogen compounds accelerates algal blooms.
 3. Nitrogen pollution can originate from both point and non-point sources.
- How many of the above statements are correct?
- (a) Only one
(b) Only two
(c) All three
(d) None
56. Consider the following statements regarding the Behdienkhlam festival:
1. It is the most important dance festival of the Jaintia tribes.
 2. It is a harvest festival.
- Which of the statements given above is/are correct?
- (a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2
57. With respect to the republics existing in India in 6th century B.C., consider the following statements:
1. They existed in Indus basin and in Himalayan foothills in UP and Bihar.
 2. Real power lay in the hands of tribal oligarchies.
 3. Brahmanas had no place in the early republics.
- Which of the statements given above is/are correct?
- (a) 2 only
(b) 1 and 2 only
(c) 2 and 3 only
(d) 1, 2 and 3

58. Consider the following statements regarding the Praja Mandal movement:
1. It aimed at demanding responsible government and civil liberties in princely states.
 2. It was primarily directed against British provincial administrations rather than native princely rulers.
 3. The Congress did not support the Praja Mandal movement.
- How many of the statements given above are correct?
- (a) Only one
(b) Only two
(c) All three
(d) None
59. Consider the following statements about the Central Vigilance Commission:
1. The Central Vigilance Commission was established as a statutory body in 1964.
 2. It is an independent body which is only responsible to the Parliament.
 3. The CVC is the premier investigating agency in India for matters related to corruption by Central Government employees.
- Which of the statements given above is/are correct?
- (a) 1 only
(b) 1 and 2 only
(c) 2 and 3 only
(d) 2 only

- 60.** Consider the following statements:
1. As per the standard economic theory, demand for food items is generally income-elastic.
 2. Engel's Law states that as income increases, households spend a larger proportion of their income on food.
- Which of the statements given above is/are correct?
- (a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

- 61.** The term 'Operation Thunder 2025,' which was recently in the news, is best described as:
- (a) A global military operation to secure maritime trade routes in the Red Sea.
(b) A coordinated international enforcement effort to combat illegal trade in wildlife and forestry products.
(c) A NASA-led mission to study high-altitude electrical discharges in the Earth's atmosphere.
(d) A cybersecurity initiative by the G20 to protect critical infrastructure from ransomware attacks.

- 62.** Consider the following criteria:
1. Population growth
 2. Infant Mortality Rate
 3. Economic situation
 4. Gross Production Rate
 5. Literacy rate
- Which of the above criteria are taken into account while determining a tribe as a Particularly Vulnerable Tribal Group (PVTG)?
- (a) 1, 2 and 3 only
(b) 2, 3 and 4 only
(c) 1, 4 and 5 only
(d) 1, 3 and 5 only

- 63.** Consider the following statements regarding Balban's:
1. Balban emphasised the divine theory of kingship to strengthen the authority of the Sultan.
 2. Balban followed a policy of leniency towards rebels to win popular support.
- Which of the statements given above is/are correct?
- (a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

- 64.** Consider the following statements regarding the difference between Variable Repo Rate (VRR) and Fixed Repo Rate:
1. VRR is primarily used for overnight borrowing, while Fixed Repo Rate is used for long-term borrowing.
 2. VRR does not require collateral, whereas the Fixed Repo Rate mandates banks to pledge government securities.
 3. VRR will always be lower than the fixed repo rate
- How many of the above statements are correct?
- (a) Only one
(b) Only two
(c) All three
(d) None

- 65.** With reference to the Odissi dance, consider the following statements:
1. The Chowk and the Tribhanga are the two basic postures around which the techniques of movement are built.
 2. The devadasis or maharis seek liberation or moksha through the medium of Odissi dance.
- Which of the statements given above is/are correct?
- (a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

66. Consider the following statements with reference to the cost-push inflation:
1. It is inflation caused by an increase in prices of inputs like labor and raw material.
 2. This inflation is often caused by a rise in the spending potential of the consumers.
- Which of the statements given above is/are correct?
- (a) 1 only
 - (b) 2 only
 - (c) Both 1 and 2
 - (d) Neither 1 nor 2
67. Which of the following harmful materials is/are found in e-waste?
1. Mercury
 2. Cadmium
 3. Beryllium
 4. Platinum
- Select the correct answer using the code given below.
- (a) 1 and 4 only
 - (b) 1, 2 and 3 only
 - (c) 2 and 3 only
 - (d) 1, 2, 3 and 4
68. Which one of the following had founded a factory at Tranquebar near Tanjore, on the eastern coast of India and have their principal settlement at Serampore near Calcutta. Although were known for their missionary activities than for commerce?
- (a) Dutch
 - (b) English
 - (c) Portuguese
 - (d) Danes

69. consider the following pairs:
- | Personality | Written work |
|-----------------------------------|-----------------------|
| 1. Muhammad Ali | : India For Indians |
| 2. Bhogaraju Pattabhi Sitaramayya | : History Of Congress |
| 3. Chittaranjan Das | : Comred |
| 4. Bhartendu Harishchandra | : Bharat Durdasha |
- Which of the pairs given above are correctly matched?
- (a) 1 and 2 only
 - (b) 2 and 3 only
 - (c) 2 and 4 only
 - (d) 1, 3 and 4 only
70. By which one of the following Acts was the post of Governor-General of India provided with a central legislative council?
- (a) Regulating Act, 1773
 - (b) Pitt's India Act, 1784
 - (c) Charter Act, 1833
 - (d) Charter Act, 1853
71. THEJAS64, DHRUV64 and VIKRAM are often discussed in the news is related to:
- (a) Microsatellite
 - (b) Unmanned Aerial Vehicle
 - (c) Laser Weapon
 - (d) Microprocessor

72. Consider the following women's personalities:

1. Sarojini Naidu
2. Vijaya Lakshmi Pandit
3. Rajkumari Amrit Kaur
4. Hansa Mehta
5. Lakshmi Sahgal

Which of the above were members of the Constituent Assembly of India?

- (a) 1, 2, 3 and 4 only
- (b) 2, 3, 4 and 5 only
- (c) 1, 2, 3 and 5 only
- (d) 1, 2, 3, 4 and 5

73. Consider the following statements regarding the Lion-tailed Macaque:

1. Lion-tailed macaques are only native to the south-west of India.
2. The lion-tailed macaque is the smallest macaque species in India.
3. The species is listed as Endangered on the IUCN Red List.

How many of the statements given above are correct?

- (a) Only one
- (b) Only two
- (c) All three
- (d) None

74. Consider the following pairs:

Theme / Painting	Painter
1. Tiller of the soil	: Nandalal Bose
2. Triumph of Labour	: Debi Prasad Roy Chowdhury
3. Lady with the Lamp	: Abanindranath Tagore

How many of the above pairs are correctly matched?

- (a) Only one pair
- (b) Only two pairs
- (c) All three pairs
- (d) None

75. India is **not** a member of which of the following World Bank Group institutions?

- (a) International Centre for Settlement of Investment Disputes (ICSID)
- (b) Multilateral Investment Guarantee Agency (MIGA)
- (c) International Finance Corporation (IFC)
- (d) International Development Association (IDA)

76. What does the term "Karez system", sometimes seen in the context of medieval history, refer to?

- (a) A surface canal irrigation method developed along major river floodplains.
- (b) A rainwater harvesting technique involving stepwells exclusively in peninsular India.
- (c) A tank-based irrigation system associated with temple complexes.
- (d) An underground water management system using gently sloping tunnels to tap groundwater.

77. Which of the following statements best describes Torrefaction technology?

- (a) It is a thermochemical pretreatment process that heats biomass to in an inert (low-oxygen) atmosphere to produce high-grade solid biofuel.
- (b) It is a biochemical process that uses microorganisms to convert organic waste into biogas under anaerobic conditions.
- (c) It is a mechanical process that compresses agricultural residues into briquettes without altering their chemical properties.
- (d) It is a high-temperature process used to convert coal into synthetic liquid fuels through gasification and liquefaction.

78. Consider the following statements regarding the powers of the Supreme Court in cases of contempt of court:

1. The Supreme Court has the power to punish for the contempt of itself as well as for the contempt of other High Courts and subordinate courts.
2. The Constitution of India explicitly defines what constitutes contempt of court.

How many of the statements given above are correct?

- (a) Only one
- (b) Only two
- (c) All three
- (d) None

79. Which one of the following diseases is not transmitted by mosquitoes?

- (a) Malaria
- (b) Dengue
- (c) Chikungunya
- (d) Tuberculosis

80. How many of the following are erosional landforms created by a river?

1. Potholes
2. Natural levees
3. Point bars
4. Gorges

Select the correct answer using the code given below:

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

81. A central law can be put into the Ninth schedule through:

- (a) a resolution passed by the Parliament.
- (b) a resolution passed by the Parliament and ratification by half of state legislatures.
- (c) a Constitutional Amendment Act.
- (d) an executive order by the central government.

82. With reference to Mitochondrial Replacement Therapy (MRT), consider the following statements:

1. It is used to prevent the transmission of mitochondrial diseases from mother to offspring.
2. It involves the transfer of the mother's nuclear DNA into a donor egg containing healthy mitochondria.
3. The resulting child inherits DNA from three different individuals.

Which of the statements given above are correct?

- (a) 1 and 2 only
- (b) 2 and 3 only
- (c) 1 and 3 only
- (d) 1, 2 and 3

83. Consider the following pairs:

Desert		Location
1. Patagonian	:	North America
2. Kalahari	:	Southern Africa
3. Great Victoria	:	Australia
4. Mojave	:	South America

How many of the above pairs are correctly matched?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

- 84.** With reference to the Five Eyes Alliance, consider the following statements:
1. It includes member countries from Europe and Asia.
 2. It was formed during World War II and primarily focused on sharing military intelligence.
- Which of the statements given above is/are correct?
- (a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2
- 85.** Central KYC Registry is a centralized repository of KYC records of customers in the financial sector. Which of the following organisations manages the CKYC Registry?
- (a) Reserve Bank of India (RBI)
(b) National Payments Corporation of India (NPCI)
(c) Central Registry of Securitisation Asset Reconstruction and Security Interest (CERSAI)
(d) Unique Identification Authority of India (UIDAI)
- 86.** Consider the following statements with respect to Higher Education Financing Agency:
1. It aims at developing all institutions offering higher education in India into globally top-ranking institutions.
 2. It is particularly interested in financing the building of educational infrastructure, and R&D infrastructure.
 3. It is a joint venture of the Ministry of Education and Canara Bank.
- Which of the statements given above is/are correct?
- (a) 1 and 2 only
(b) 2 and 3 only
(c) 1, 2 and 3
(d) 2 only

- 87.** The term ATLAS is sometimes talked about with reference to which one of the following?
- (a) An early warning system optimised for detecting smaller near-Earth objects.
(b) A system for studying the mineral composition of asteroids through sample-return missions.
(c) An initiative to track artificial satellites and space debris in low Earth orbit.
(d) An initiative to monitor solar flares and coronal mass ejections affecting Earth's magnetosphere.
- 88.** With reference to the Bhakti movement, consider the following:
1. Personal devotion to a chosen deity
 2. Rejection of caste-based hierarchy
 3. Emphasis on priestly mediation
 4. Use of regional languages for spiritual expression
- How many of the above were features of the Bhakti movement?
- (a) Only one
(b) Only two
(c) Only three
(d) All four
- 89.** Which of the following events happened earliest?
- (a) a peasant uprising took place in the Naxalbari of West Bengal under the leadership of the CPI (Marxist).
(b) First coalition government was formed in Union.
(c) Abolition of Privy purse.
(d) A non Congress ministry was formed in a state of India for the first time.

90. SODAR (Sonic Detection and Ranging) System has applications in which of the following?

1. Measurement of the height of the fog layer
2. Detection of underground mineral deposits
3. Studying atmospheric turbulence and temperature inversion
4. Monitoring air pollution dispersion patterns
5. Mapping ocean floor topography

Select the correct answer using the code given below.

- (a) 1, 3 and 4 only
- (b) 1, 2 and 5 only
- (c) 2, 4 and 5 only
- (d) 1, 3, 4 and 5 only

91. With reference to air masses, consider the following statements:

1. An air mass is a large body of air having little vertical variation in temperature and moisture.
2. Air masses form mainly over regions with irregular relief, such as high mountain ranges.
3. When two different air masses meet, the process between them is called frontolysis.

Which of the statements given above are **not** correct?

- (a) 1 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

92. A regional bench of the Supreme Court can be established by the approval of

- (a) Chief Justice of India
- (b) President
- (c) Parliament
- (d) Collegium system

93. Which of the following statutes mentioned in Schedule I of the National Green Tribunal Act, 2010?

1. Water (Prevention and Control of Pollution) Act, 1974
2. Public Liability Insurance Act, 1991
3. Prevention of Cruelty to Animals Act, 1960.
4. Biological Diversity Act, 2002

Select the correct answer using the code given below.

- (a) 1, 2 and 4 only
- (b) 1, 2 and 3 only
- (c) 2 and 4 only
- (d) 1, 2, 3 and 4

94. How many of the following types of adaptations are shown by mangroves?

1. Viviparity
2. Pneumatophores
3. Salt glands on leaves
4. Cutinized epidermis

Select the correct answer using the code given below.

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

95. With reference to shifting cultivation, consider the following pairs:

Region / Country		Local name
1. Mexico	:	Ladang
2. Philippines	:	Kaingin
3. Myanmar	:	Taungya
4. Brazil	:	Roca

How many of the above pairs are correctly matched?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

96. This economic theory argues that if the government cuts taxes today and borrows money, people will save that extra money because they know taxes will increase later to repay the loan.

Which of the following theories best describes the above thought?

- (a) Ricardian equivalence
- (b) Gresham's Law
- (c) Say's Law
- (d) Okun's Law

97. Which of the following parliamentary functionaries has the special privilege of automatically becoming the chairman of the committee to which he is appointed?

- (a) Deputy Speaker
- (b) Speaker
- (c) Leader of Opposition
- (d) Minister in the government

98. Securities Transaction Tax (STT), a type of financial transaction tax in India, is levied on transactions of which of the following?

- 1. Commodity trading
- 2. Gold exchange-traded funds
- 3. Equity derivatives

Select the correct answer using the code given below.

- (a) 1 and 2 only
- (b) 3 only
- (c) 1 and 3 only
- (d) 1, 2 and 3

99. Consider the following statements regarding the Extremist phase of the Indian National Movement:

- 1. Extremists rejected constitutional methods as the sole means of political struggle.
- 2. They emphasized mass mobilization through swadeshi and boycott.
- 3. They opposed the use of national education as a political tool.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) All three
- (d) None

100. Consider the following statements:

Statement I: The Khasi Hills region of Meghalaya records the highest average annual rainfall in India.

Statement II: The Khasi Hills lie close to the equator, leading to intense convectional uplift of warm, moisture-laden air.

Which one of the following is correct with respect to the above statements?

- (a) Both Statement I and Statement II are correct, and Statement II explains Statement I
- (b) Both Statement I and Statement II are correct, but Statement II does not explain Statement I
- (c) Statement I is correct, but Statement II is not correct
- (d) Statement I is not correct, but Statement II is correct
